Front Row J.Honeyfield, S.Honeyfield, C.Watt, B.McCormack, N.Dravitzki,  
A.Barrientos.  
Absent J.Blanks.

## INLINE HOCKEY

This year has been a good year for Inline Hockey, with new players joining our teams. We have had some very pleasing results.

It was the inaugural year for the NZ Secondary School Inline Hockey Championships which our Senior team attended in Hamilton. We gained 5th place overall after beating Wanganui College 5-4 in overtime with "Court" Smith scoring the game winner. The time away was great and thanks to the parents who accompanied us. This was a good experience for our new and upcoming players with Julian Beardman and Nick Henderson joining the team this year and both playing very well. FDMC was up against teams from other colleges around the country,

players who have been participating at club, regional and national level. They were mostly from the senior year levels - so our team did well overall.

The FDMC teams have played well in the Ravens School League with the Power Rangers leading the league for 2004 with an exciting win against NP Boys' High Seniors 1 - nil. Thanks to Mrs Donaldson who has continued her involvement with our 6 school teams. We have had four Secondary teams and two Intermediate teams playing throughout the season.

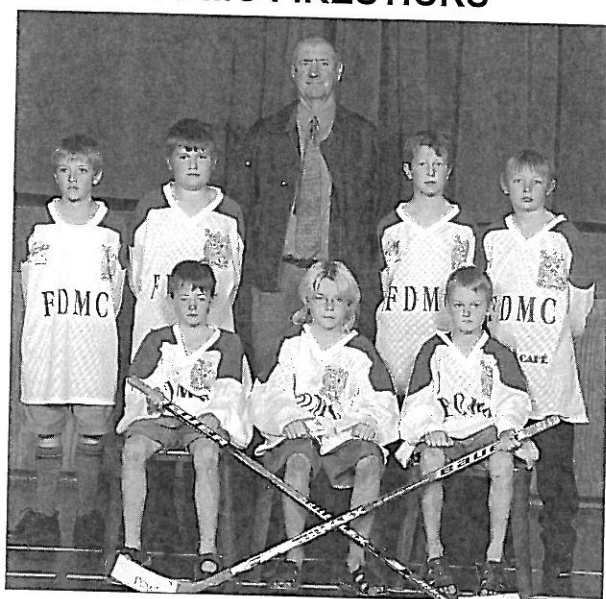

Zach Beardman

J.Dombroski, J.Bailey, D.Heal.  
Front Row S.O'Hanlon, N.Coombes,  
R.French, B.Schaare.

## TEN PIN BOWLING

Many of you may be unaware of the importance of Ten Pin Bowling in our college. This year team coach Mrs Simpson made sure that she selected a good contingent of bowlers who would bring back the silverware for the fourth year in a row.

On 8th August the annual TSS Ten Pin Bowling tournament was held at Bowlarama with 46 teams entered from all around Taranaki. FDMC entered 40 boys in 10 college teams a great effort for such a low-key sport. It was an early start for some competitors but everyone was raring to go.

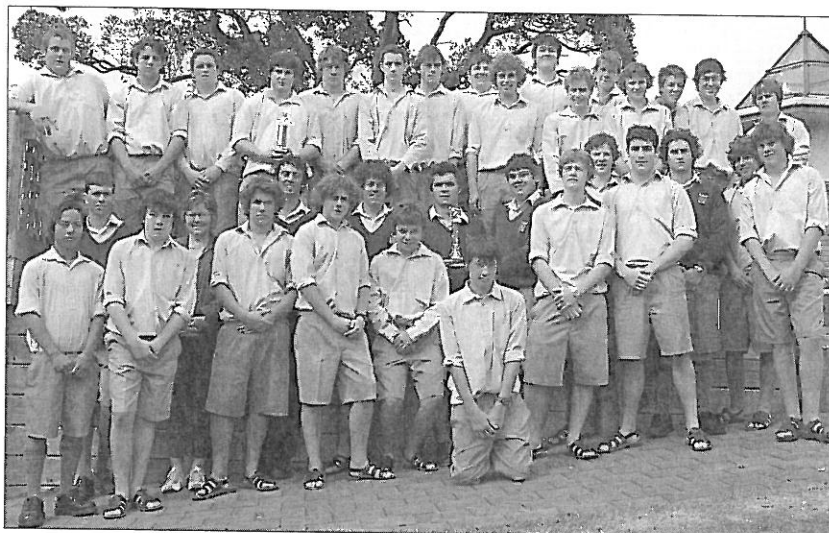

Last year's winners Jeremy Clarke, Riley McGregor, Abe Schumacher and Paul Story were hot favourites leading into the tournament but unknown newcomers Josh Hickford, Scott

Murphy, Caleb Mawson and Thomas Landrigan came through to win (1665) the male team event by a comfortable margin of 100 pins. Also starring for the college was Jeremy Clark who bowled an outstanding score of 532 to take out the top individual male title.

Other great efforts were by the teams which came 2nd and 3rd. Those teams were Jeremy Clark, Riley McGregor, Abe Schumacher and Paul Story. 3rd place went to Shaun Smart, Andrew Kale, Scott Fuglistaller and Jason Meuli. Also congratulations to all the boys who competed in this year's tournament.

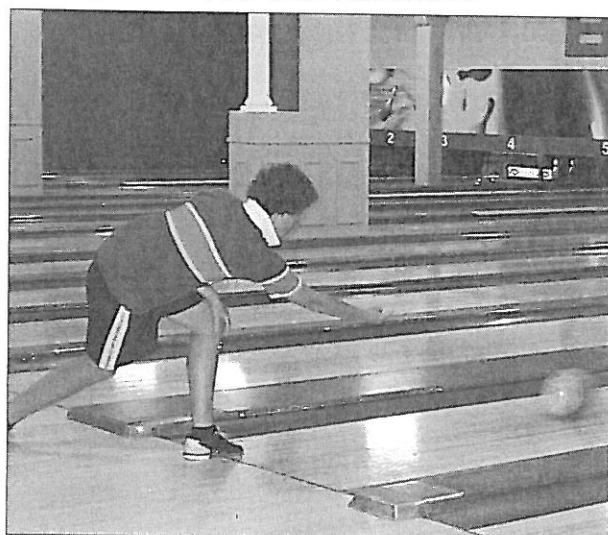

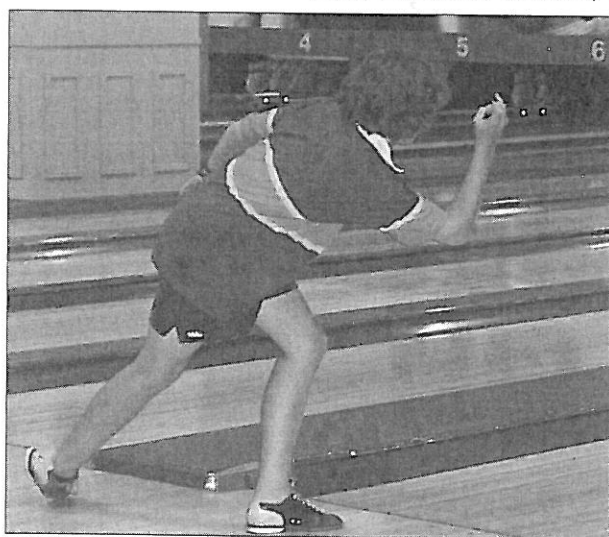

Thanks to Mrs Simpson who organized and helped all of the teams to compete and do the best they could.

Caleb Mawson and Thomas Landrigan

Back: B. Siffleet, C.Fleming, A.Kale, J.Rowland, S.Fuglistaller, T.Fastier, J.Coulton, N.Coulton, S.Murphy, M.Wilson, R.Hancock, T.Radich, B.Jagersma, T.O'Dowd, J.Barrett, S.Markham

Front: K.Sy, M.Bennett, T.Landrigan, Mrs S.Simpson, S.Smart, R.McGregor, S.Murphy, J.Hickford, W.Rowland, A.Schumacher, G.Sheehan, G.Maclean, S.Butler, J.Clark, M.Warner, J.Meuli, T.Davis, C.Mawson.

## VOLLEYBALL

### 36<sup>th</sup> VOLLEYBALL NEW ZEALAND SECONDARY SCHOOL CHAMPIONSHIPS 2004 TAURANGA

Team: Jesse Jones, Shaun Butler, Chad Smith, Zach Willis, Darryl McDavitt, Shane Taepa (c), James Slaats, Thomas Crowley, Kenny Hau, David Wells.

Being the first time FDMC has entered the nationals we had a lovely seeding at 50 with 56 teams entered. This put us in the bottom 16<sup>th</sup> grade which was split into 30 pools. The top eight from this grade proceeded onto division 3 and the bottom eight went into division 4.

Despite showing promise and the capability of competing well in division 3 we ended up in division 4 by:

losing to Penrose B 3 sets to 1

losing to St Bernards 3 sets to 1 (who went on to lose the division 3 semi final)

beating Linwood 3 sets to 0 (who also went up to division 3)

losing to Bethlehem 3 sets to 1

losing to Kamo B 3 sets to 0

Division 4 was split into 2 pools of 4. Pool play results:

beat Otumoetai C 3 sets to 2

beat Cambridge 3 sets to 2

beat Otumoetai D 3 set to 0

Semi final beat Wellington College 3 sets to 0

Final beat Otumoetai C 3 sets to 1

Placing: Gold medalists division 4

Shane Taepa division 4 most valuable player overall – 49<sup>th</sup>.

With the exception of 2 year 13's the team should stay together for another 2 years. We look forward to next year already.

Coach: Mark Wells

Manager: Kieren O'Neill

## SENIOR VOLLEYBALL

Back Row	D.Wells, Z.Wills, T.Crowley, J.Slaats, K.O'Neill(Co-coach)
Front Row	K.Hau, D.McDavitt, S.Taepa(Captain), S.Butler, J.Jones.
Absent	M.Wells(Co-coach), C.Smith.

## YEAR 10 VOLLEYBALL

Back Row M.Eagar, H.Nicholls, S.Applegarth,  
K.O'Neill(Co-coach)  
Front Row R.McKenna, K.Hughes, N.Siffleet, B.Crowley, A.Kelly.  
Absent M.Wells(Co-coach), H.Scott, J.Wilson.

## YEAR 9 VOLLEYBALL

Back Row E.Bolstad, R.Furness, J.Murray, C.Mawson,  
K.O'Neill(Co-coach)  
Front Row J.Dent, T.Davis, K.Barrett, T.Gilmour, N.Henderson.  
Absent M.Wells(Co-coach)

## SOCCKER 2004 1ST XI

The First Eleven players 2004 were:- Jeremy Clark, Ben Jagersma, Jordan Hall, Thomas Peacock, Matthew Bennett, Scott Wildbore, Stuart Baker, Ashley Reader-Nokes, Ronshi Perera, Morgan Hall, Ryan Hall, Liam Tanner, Jack Burr, Ciaran Forsythe, Rory Garner and Alfredo Ruiz-Pedrero who stood in as goalie very late in the season.

This year we struggled with a regular coach, though the players still played some excellent soccer. The team was led by Jeremy Clark and Ben Jagersma, and with the experience of Tom Peacock made a formidable team. Jordan Hall played solidly throughout the year along with his brothers Ryan and Morgan.

The team participated in the Jim Wishart tournament this year held in Nelson, where they were unlucky not to play off in the top eight. We had our chances to win many games but just couldn't put the ball in the net at crucial times. The Year 13 students were excellent role models for the younger players and were always there to provide support and encouragement. I could not fault the players' commitment or their skills and the exemplary way in which they conducted themselves. They were a credit to themselves and the school.

Captain	Jeremy Clark
Vice Captain	Ben Jagersma
Most Valued Player	Tom Peacock
Team Player	Ben Jagersma
Most Valued Young Player	Morgan Hall
Top Goal Scorer	Jeremy Clark

Back Row A.Reader-Nokes, C.Forsythe, A.Ruiz-Pedrero, J.Hall, M.Bennett, L.Tanner.  
Front Row M.Hall, T.Peacock, R.Hall, J.Clark(Captain), B.Jagersma(Vice-Captain), R.Perera, R.Garner.  
Absent S.Wildbore, J.Burr, S.Baker, P.Clark(Coach), M.Hall(Coach), M.Crow(Manager)

## 15TH GRADE TORNADOES

The Tornadoes were coached and managed by Mr Gary Brieseman. He has given the boys inspiration and developed excellent skills in attack and defence. Here is his report.

The team started the season very well and after the grading games finished up in the 1st Division. There were a couple of games in the grading round that were rather patchy but once we started the competition proper, the boys really stepped it up a couple of gears.

There were teams that we played against that had come down from the Youth Grade, causing a bit of anxiety because of the size difference. However, that concern was soon alleviated as the Tornadoes did not back down from anything. This strong fighting spirit emphasised the really positive attitude that the boys had towards themselves and each other.

Yes, it was a TEAM effort. Maybe we did have some players who had better skills than others

but everyone played their part and the team blended together exceptionally well.

After a very close round of competition we needed to win the last game to seal 1st place and win the league. We were up against the competition co-leaders and were expecting a really tough game. Come in that attitude! We never ever looked like losing the game and finished up winning quite comfortably. I'll never forget the look of joy and pride on the boys' faces when the game finished. You could say that the success of the season depended on the final game. But no, I don't think it did. Yes, it was great to win the competition but I believe that the success of the season was the WHOLE season. All of the boys put in plenty of effort throughout the whole year. Practice nights were attended by nearly everyone all season and the support and sportsmanship shown to their fellow team members does the boys proud.

I would like to thank the boys for their fantastic effort and attitude this year. We have had a lot

of fun this year. Hopefully enough to encourage you all to come back next season.

Last, but certainly not least, I would like to thank the parents who have helped and supported me and the team throughout the year. Your positive encouragement is a real bonus. My thanks also to Mr Crow for all his efforts in assisting with the team.

I hope to be back next year and I would like to see as many of you as possible. Until then, remember the most important word about soccer. FLEA! Fun, learning, effort and attitude.

## Awards 15<sup>th</sup> Grade Tornadoes

Captain	Isaac Trevis
Most Improved Player	Michael Grant
Most Enthusiastic Player	Thomas Dravitzki

## 13TH GRADE SOCCER

The 13<sup>th</sup> Grade team was well supported by coaches and on behalf of the school, I would like to thank students Ben Jagersma, Matthew Bennett, and adults Mrs Woller, Mr Tubby and Mr Dean Judd for all their time and input into practices, improving the boys' skills and being there for the season. I hope the boys keep up with their fitness and skills during the off season and continue to play next year.

The FDMC 2 team can be congratulated for their outstanding effort. The team was placed in the 4<sup>th</sup> division, ended up winning the preliminary

round and were then moved into the 3<sup>rd</sup> division. The team continued to grow in strength throughout the competition. All players have deserved their awards. Congratulations.

Awards for 13<sup>th</sup> Grade FDMC 1 are:

Captain	Nickolas Stretton
Team Player of the Year	Reegan Stanners
Attacker of the Year	Nickolas Stretton
Defender of the Year	Matthew O'Neill
Goal of the Year	Jake Gallagher
Most Improved Player	Troy Collier
Player of the Year	Ethan Motion

Torran Lepper

Referees are

Christopher Murray

Ronshi Perera

Isaac Trevis

Campbell Kirk-Waugh

## FDMC YOUTH TEAM

Another good year for the youth grade team. The team won the first round of the Youth Grade with a record of 7 wins, 1 draw and 1 loss. The second round was less fruitful but the first round result entitled us to play in the final. We lost the final 2-1 to NPBHS. All games throughout the season saw very close results.

The pleasing aspect was the introduction of younger players into the team and how they advanced throughout the year.

This team was coached by Jeremy Clark and managed by Mr Phil Clark. The players ended up winning the Youth Grade Preliminary, and only just missed out on losing to Boys' High in the final. The players had a mixture of skill. However not once did they give up and always gave their best during the season.

Awards are  
Most Valued Player  
Most Improved  
Team Player  
Most Valued Young Player

Team Special Moment

## TSS SURF LIFESAVING 2004

The Surf Lifesaving team regained the trophy which they last won in 2001, after the competition was returned to a boys' and girls' competition rather than a joint team event with the Sacred Heart Girls. The team was

comprised of three Under 16 boys and three Under 19 boys. The winning team was:

James Morwood, Phillip Walsh, Tim O'Dowd, Brett Mathys, Greg Taylor, Nick Horo

Back: B.Walsh, D.Joines, T.O'Dowd, M.Bennett, N.Zieltjes, B.Mathys  
Front: B.Midgley, J.Morwood, B.Roberts, N.Horo, N.Sole, G.Taylor

## INDOOR BOWLS

Over the past few years Francis Douglas has excelled at the Taranaki Secondary Schools Indoor Bowls Champs. Our goal this year was to retain the TSS Indoor Bowls overall championship, with 15 teams, 28 extremely talented bowlers, and a marvellous coach, Mrs Simpson. This year we were under enormous pressure to perform and take the title out for the 4th consecutive year.

After weeks of hard long practice sessions the team was found and everyone was at top-notch form, with the great help of Neil Robb of Belt Road Hall passing on his indoor bowls experience down to us.

This year we weren't so lucky with Inglewood coming out on top overall, but still gaining 2nd in the singles division through vastly experienced Michael Cavey. In the doubles our 'dark horses' Ben Siffleett (Beast) and Andrew

Kale picked up a well earned 2nd place. Our fours, Jamie Barrett, Joe Dravitzki, Nathan Sole, and David Freeman gained 3rd place after a nail-biting successful shot by Joe Dravitzki.

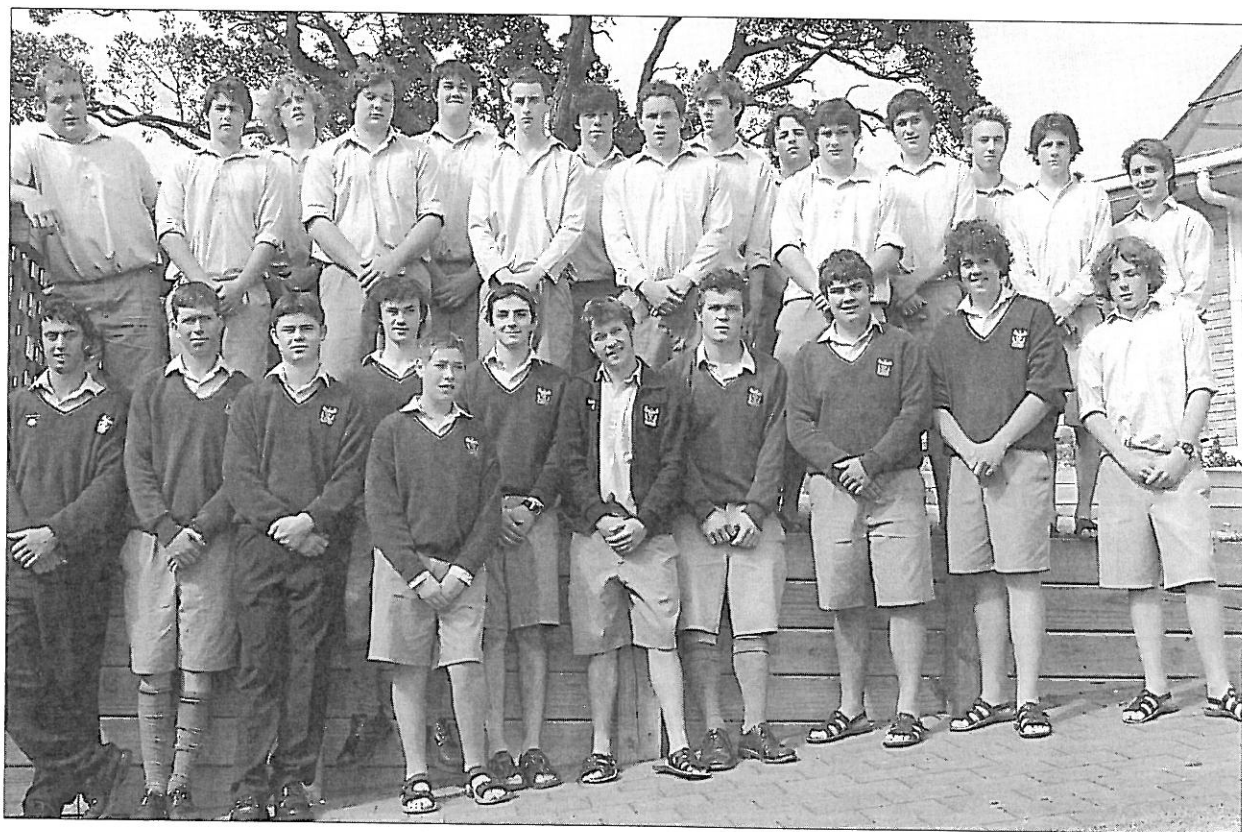

Our other 12 teams were extremely unlucky but still showed indoor bowls excellence and Francis Douglas pride.

The spectators and supporters paid tribute to our boys valiantly cheering our teams on from the sideline.

A special thanks to our team organiser, and manager Mrs Simpson who has stuck with us and led us for many years, and will hopefully for many years to come.

After a gruelling and very draining day we now look forward to getting revenge and taking out the title once again next year.

Scott Murphy and Josh Hickford

Back row B.Siffleet, J.Dravitzki, D.Jury, D.Joines, M.Wilson, T.Fastier, M.Cavey, A.Kale, J.Coulton, C.Fleming, J.Rowland, J.Barrett, N.Sole, D.Freeman, M.Walsh  
Front Row R.McGregor, M.Bennett, J.Adams, J.Putt, E.Judd, C.Wicky, C.McCabe, A.Schumacher, G.Maclean, J.Hickford, S.Murphy  
Absent R.Butler, H.Te Moana, H.Petersen

## TSS POOL

Francis Douglas Memorial College were represented by three teams at this tournament which was held at the TET stadium in Stratford on Sunday 15<sup>th</sup> August.

The competition was very even and all our teams competed with distinction and represented our college with pride and determination. As we were the defending champions the pressure was on our teams to emerge victorious, but as luck would have it, our finalists Paul Dodunski and Trent Willis were

beaten in a nail biting finish by Stratford High School.

Thanks to all the players

P Dodunski, Trent Willis – Runners Up

S Murphy, S Murphy – Third Place

J Adams, M Bennett— Quarter Finalists

## TSSSA JUNIOR RELAY ATHLETICS DAY

The annual Junior Relay Day was held at St Mary's, Stratford on a surprisingly hot and sunny day. Ten Year 9 and ten Year 10 athletes were selected to compete in a variety of relay races. Mr Cowie and Mrs Bolstad took the team in college vans and were ably assisted by college athletics captain Matthew Bennett as team manager.

### RESULTS:

	YEAR 9	YEAR 10
4x 300m	3 <sup>rd</sup>	2 <sup>nd</sup>
4x 100m	1 <sup>st</sup>	2 <sup>nd</sup>
4x 200m	1 <sup>st</sup>	2 <sup>nd</sup>
4x Medley	1 <sup>st</sup>	2 <sup>nd</sup>

### COMBINED YEAR 9/10

12x 100m	2 <sup>nd</sup>
4x 300m Walk	1 <sup>st</sup>
3x 600m	2 <sup>nd</sup> and 3 <sup>rd</sup>
12x 60m Shuttle	2 <sup>nd</sup>

It was a very enjoyable and successful day with the Year 9's proving to be the top squad and the Year 10's a close second to their arch rivals NPBHS.

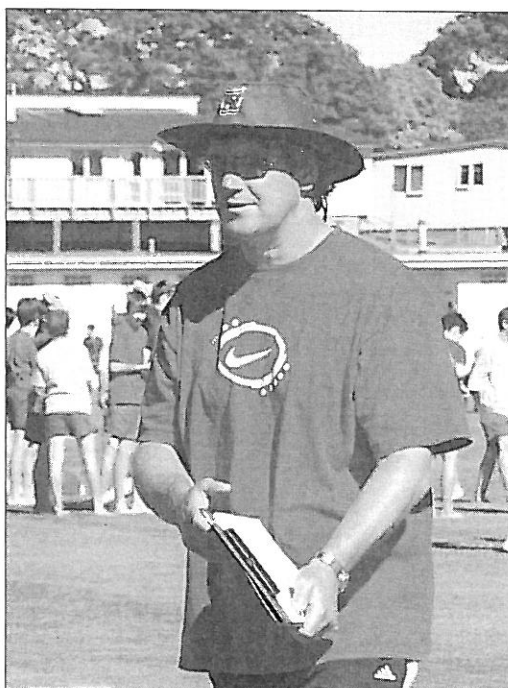

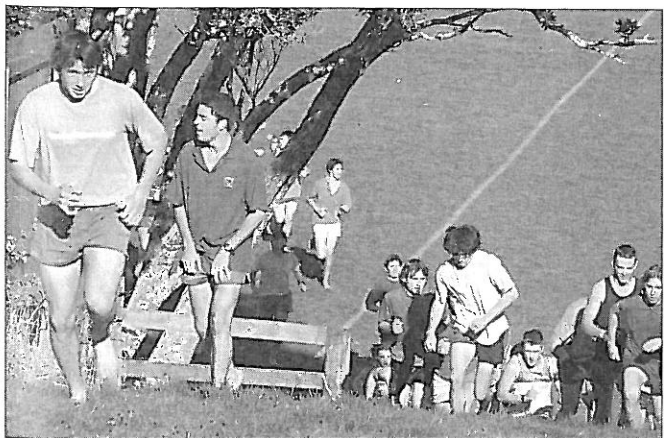

### THE TEAM:

#### YEAR 9

Ethan Bolstad, Tim Gilmour, Jarrico Murray, Adam Bridgeman, Michael O'Donnell, Russell Speirs, Morgan Hall, Travis Bloor, Paki Findlater, Nick Henderson

#### YEAR 10

Scott Cameron, Liam Richardson, Jake Ward, Ritwik Palit, Tim Hills, Leighton Iwikau, Nathan Coombes, Rick McKenna, Nick Siffleet, Sam Connolly

## CYCLING

The TSS Cycling Championships were held on Sunday 29 August in reasonably unpleasant, cold and windy conditions.

The main focus of the event is the 16 km teams time trial and our team of five was: Lachlan Whelan, Jordy Whelan, John Froude, Griffin Hunt and Denay Cottam. In the demanding conditions the boys put in a supreme effort and were runners-up in the event.

All of the boys also competed in the 8km individual time trial and Jordy Whelan had an especially good ride to win the junior boys' race.

A special thanks must go Flush Plumbing for its generous team sponsorship this year. There has been substantial parental support and thanks in particular to Jeremy and Rachael Cottam for their tremendous support of cycling at FDMC. Among other things this has included team preparation and organisation as well taking the team to the NZ Secondary Schools Cycling Championships held around the Levin/Fielding area. A report on this event, from Rachael, follows;

#### NEW ZEALAND SECONDARY SCHOOLS CYCLING COMPETITION

This year's NZ Secondary School competition was held over three days from 18 - 20 September. The weekend commenced with the Teams Trial event on the Saturday. Our Francis Douglas Team consisted of Jordy Whelan, Lachlan Whelan, John Froude and Denay Cottam. As the team had to enter into the age group of the eldest rider with the age groups being Under 17 and Under 20, the boys had to enter the Under 20 age group.

It was a cold damp day in Levin and the boys did not start riding until nearly 1.30pm after having arrived at 9.30 to warm up. As they had no reserve the time was taken off the last rider to cross the line. All boys rode a very brave race but because of the age group they were in and not being able to drop any rider, it was very difficult for them over the 16km course - they also managed to get

the first rain of the day about 5 minutes into the start of their event. It was pleasing however to note that although the boys did not finish in the top 15 teams their time was excellent in relation to the Under 17 age group which they would have entered had they not had a rider who had just had a birthday. We look forward to next year, perhaps having a more balanced age group team.

Sunday racing was held at Feilding and all boys finished in the top thirty in their age groups, a very pleasing result. Unfortunately, Jordy Whelan had to withdraw as he was too sick to ride. It was a very difficult course with narrow country roads. The day was however a beautiful one and some excellent racing was watched.

Monday's racing was held at Manfeild Raceway with the boys racing around the motor racing track. This type of racing was new to the boys as it was a rolling start behind a motor vehicle and much of the racing was in bunches. As the course has lots of corners and at speed is dangerous it was an excellent experience for the boys. They all finished well in their respective events.

We hope to build the Francis Douglas Cycling Team up next year and regular practices will be held from the school office at 3.30pm on Thursdays. It is worth noting that by their performances at the NZ Secondary School Champs all boys qualified for entry to ride in the College Games in Hamilton during December.

# DUATHLON

J. Whelan,  
Mr R.Cleaver  
(manager),  
G.Hunt, L.Whelan

Front Row  
D.Cottam

## DUATHLON

Once again Francis Douglas Memorial College was very well represented in the Taranaki Secondary Schools' Duathlon Championships. These were held in near perfect conditions, at the Hurworth circuit on Sunday June 12. The event consisted of a 2 km run, a 10 km cycle followed by another 2km run. A number of students, from various year levels, entered the event as two person teams or as individuals – all performing very well.

Results were;

### Senior Boys Teams

1<sup>st</sup> Brock Roberts and Matthew Bennett

### Senior Boys Individual

2<sup>nd</sup> Scott Wildbore

### Junior Boys Individual

1<sup>st</sup> Nathan Coombes

2<sup>nd</sup> John Froude

A special thanks to two Year13 students, Scott and Matthew for their keen support of the Duathlon event over recent years. With them departing the College it is pleasing to see some younger talent coming up through the ranks and Nathan Coombes, in particular, seems to have a very good future in the sport.

This year Nathan attended the National Secondary Schools' Duathlon Championships, which were held in Clive, near Napier, in July. Nathan chased the eventual winner home in a close finish to take out second place in the event. A tremendous effort, Nathan!

Duathlon

Back: D.Coombes, N.Zieltjes, M.Bennett, G.Hunt, B.Roberts, Mr R.Cleaver  
Front: L.Whelan, N.Coombes, J.Froude

## TRIATHLON

This year's TSS Triathlon Championships were held on Sunday morning March 21<sup>st</sup> at Ngamotu beach. Again the event was blessed with ideal weather conditions and 55 competitors, from nine schools throughout Taranaki, turned out to pit themselves against each other in the three disciplines that make up the event.

As has been the case in recent years FDMC was the school providing the largest representation and it was great to see so many of our boys entering as first timers and really enjoying the experience. As teams of three or individuals, they had to swim 250m in the harbour, cycle 10km and then run 3km to the finish.

Scott Wildbore was our top individual, coming home in third place in the Senior Boys' race. Scott is a Year 13 student and in Triathlon, among many other sports, he has represented the College with great distinction over the years. He completed this year's race having suffered a fall on the cycle stage, which required stitches to his knee. This is typical of Scott's commitment and I wish him all the best in his future sporting endeavours during the years to come. Similar praise must also be extended to Matthew Bennett who has also enjoyed participating in

this event over a number of years. Being from Year 13, we will also miss his services next year.

Our teams also performed with distinction, taking out placings in the Senior Boys' Teams event as follows:

### 2<sup>nd</sup> Place

Tim O'Dowd, Griffin Hunt, Matthew Bennett

### 3<sup>rd</sup> Place

Greg Taylor, Brock Roberts, Blain Midgley

### 4<sup>th</sup> Place

Connor Landrigan, Mathew Barnard, Jamin Inia

### 5<sup>th</sup> Place

Nathan Zieltjes, Daniel Coombes, Matthew Kissick

It is fair to say that our fifth place team would have been placed much higher had Daniel not punctured on the cycle stage. All in all, however, a great day out and we look forward to getting even more boys involved next year.

Russell Cleaver

## SQUASH

A small group of dedicated squash players played and practised regularly throughout the winter season and many thanks to the Kawaroa Park Squash Club for providing access to their courts for our Monday night trainings.

Some of these boys entered the Taranaki Secondary Schools Squash championships, which were held at Okato on June 27. Results were as follows;

Division 1:	Runner Up:	Chris Charteris
Division 2:	Winner:	Nathan Zieltjes
	Runner Up:	Zac Wills
	Third:	Daniel Charteris

Chris Charteris, Joseph Ingram, Jesse Jones, Nathan Zieltjes, Zac Wills, Rhys Butler and Daniel Charteris also represented FDMC at the NZ Secondary Schools Squash Nationals, which were held in Christchurch from August 13<sup>th</sup> to 15<sup>th</sup>. This was the culmination of a good deal of organisation and fundraising, but this was more than outweighed by the tremendous experience that was enjoyed by everyone. The boys had a great tournament and were pleased with what they achieved amongst some strong competition. They narrowly lost to Nayland College A 3-2, but then went on to record two 5-0 wins against St Andrew's College and St Paul's Collegiate School. The last match resulted in a 4-1 loss to Mt Albert Grammar.

There were some outstanding individual performances by all players during these games and Chris was undefeated during the tournament, winning a cliff-hanger against the St Andrews No 1 10-9 in the fifth set. The team camaraderie and their sportsmanlike approach were to be admired, and Nathan, Zac and Chris were nominated by the popular vote of other tournament players for fair play awards.

We intend to build on this performance in next year's Nationals which are to be held in the Bay of Plenty. All interested players (new or otherwise) are welcome to get involved and encouraged to join their local squash club as soon as possible.

Outside of the actual tournament, we were treated to a couple of scenic flights. Finding ourselves amongst a rare fall of snow in Christchurch was also an unexpected highlight. There was snow down to sea level on one day and the scene was postcard perfect.

We shared a motel complex with NPGHS and NPBHS that made for great company and it was brilliant to see these Taranaki Schools supporting each other so passionately during their games.

Special thanks must go to Carolyn Charteris for the big role that she plays in fostering squash at FDMC and we are grateful for such strong parental support.

Russell Cleaver

C. Charteris, N.Zieltjes, Z.Wills, J.Ingram  
Front: D.Charteris

## INDOOR ROWING 2004

The TSS Indoor Rowing Champs were held as usual at NPGHS on Wednesday September 17.

Unfortunately the date clashed with FDC Year 11/12/13 exams, and a number of contenders were unable to compete. Reuben Berghan however had a 2003 title to defend in the premier event, so he turned up and did just that by winning the senior boys' 1000 metres in a FDMC record time of 3m10.7sec.

FDMC rowers picked up a number of placings and had a similar number of near misses with 4th placed finishes.

Placegetters :Reuben Berghan

1st senior boys 1000m 3m10.7

Kane Barrett 2nd jun boys 1000m 3m36  
Ethan Bolstad, Hamish Nicholls  
2nd junior boys' 500pair 1m40  
Caleb Mawson 3rd jun boys 1000m 3m42.

The "well done, hard luck" prize went to our intermediate relay team whose boat "sunk", i.e. an electronic malfunction scuppered their chances, but they managed a 4th place later in the day in the senior race.

Michael Julian, Brendon Walsh, Andrew Vernon, Brent Stevenson and Brett Mathys were rowers who finished 4th in various events.

Left to Right  
G. Taylor, B.Walsh, -, A.Leathem, B.Mathys, D.Joines, B.Stevenson,  
J.Dent (front), -, A.Vernon, K.Barrett, J.Carrington, J.Murray, J.Adams,  
R. Berghan, M. Bennett, M.Lucas  
Absent H.Nicholls, M.Hill, J.Putt, M.Julian, L.Richardson, E.Bolstad,  
Z.Jeffries

## TSS MOTOCROSS 2004

Taranaki Secondary Schools Motocross Championships were held at the Barrett Park motocross track on Sunday, 1<sup>st</sup> August 2004.

The weather was excellent, sunny and mild and the track was in great condition.

Francis Douglas had a team of six riders and was placed second overall in the competition. Everyone rode extremely well against some

tough competition and all riders were placed in the top ten in their class.

Best individual results were Year 10 Boys Robbie Buchanan 2<sup>nd</sup>, Year 11 Boys Aaron Jane 2<sup>nd</sup>, Year 12/13 Boys Stuart Baker 3<sup>rd</sup>

Riders in the team were : Stuart Baker, Robbie Buchanan, Aaron Jane, Jethro Neeson, Tren Everitt-Hood, Tomas Bridgeman, and Michael Julian.

Back Row R.Buchanan, T.Everitt-Hood, A.Jane, M.Julian, J.Neeson,  
T.Bridgeman  
Front Row S.Baker

## BADMINTON 2004

D.Vanner, R.Fabish

This year we competed in the Taranaki Secondary Schools competition held at NPGH. The students were:- Seniors- Dylan Kemp and Rhys Butler, Juniors- James Bailey and Ryan Fabish.

The senior boys were unlucky in the draw to play the favourites and lost their first game. Had they had a different draw they may well have

reversed the outcome. Our player of the match was Rhys Butler who has continued to show good skill throughout the season. Dylan played well in his singles. He can be commended on his consistent effort with his personal training and level of skill development.

The inexperience by our juniors was not out done by their effort and commitment to try their best. With regular practice next year I hope to see the boys achieve better results.

In 2005 School Badminton will continue and will be played on Monday lunchtime, 12.40 – 1.30 pm, in the school hall. I hope the sport will continue to grow in participation and skill. I wish all players a successful future in the sport and look forward to seeing new talent next year.

Mike Crow (Badminton coach)

## TSS ORIENTEERING 2004

The TSSSA Orienteering championships were held in March at Pukekura Park. A very late change of date because of a double booking of the administration building, resulted in a limited entry from FDMC.

Some of the boys were unfazed by this and places were picked up by Jason Florence in the Junior Boys individual event, and the pairing of William Rowland / David Hills in their Junior event. All three boys achieved second places.

## ENERGY CITY HARRIERS TARANAKI SCHOOLS ROAD RELAYS

Year 8

Alex O'Donnell  
Edward Rawles  
Dylan Dunlop-Barrett  
Drew Whitehead

The Energy City Harriers again ran an excellent event at Brooklands Park.

The year 8 team ran extremely well and managed to beat some strong intermediate teams from Devon, Highlands, Hawera and Inglewood and finished first.

Year 9/10

Sean McCallum  
Nathan Coombes  
Tomas Mosquera  
Aaron Huesser

The year 9 and 10 team led after the first two legs with strong runs from Sean McCallum and Nathan Coombes, but unfortunately couldn't hold on and came second to Boys' High.

Year 11/12/13

Matthew Bennett  
Nick Horo  
Scott Wildbore X2  
Gwylm Gibson  
Brent Stevenson  
Isaac Travis  
Ashley  
Reader-Nokes

The senior A team came a disappointing fifth to very strong Boys' High teams, with Scott Wildbore running twice. The B team came 7th

## ROUND THE LAKES – WANGANUI MONDAY 6 SEPTEMBER

Under 16

Sean McCallum  
Nathan Coombes  
Brent Stevenson  
Willie Coulton

This was the 26<sup>th</sup> year of the Round the Lake Relay, organised by Wanganui Collegiate. Teams from all over the North Island compete in the event and getting a placing in the top three is very difficult.

Under 19

Matthew Bennett  
Ben Jagersma  
Ryan Christensen  
Scott Wildbore

The senior team competed well and finished a creditable 7<sup>th</sup> in the senior race, 10<sup>th</sup> overall. Our promising junior team ran strongly and actually beat the senior team and finished 2<sup>nd</sup> in the Junior race, 8<sup>th</sup> overall, losing to a traditionally very strong Scots College team.

## TSS SAILING

Due to inclement weather the Taranaki Primary and Secondary Schools' individual competition was postponed on a couple of occasions. We had several sailors competing in the Optimist fleet, and all must be congratulated for sailing in demanding conditions; some wind gusts were well over 20 knots, and the competition began in stiff 18 knot conditions. There was lots of carnage on the water because of this; the capsizes at the bottom mark were spectacular for the onlookers! It was a real relief when the boys were all accounted for and back in the

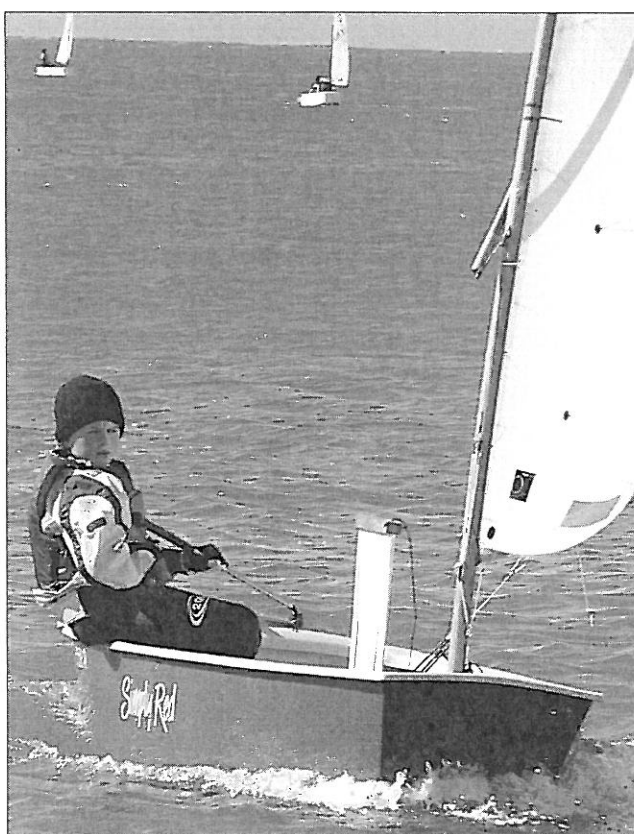

confines of the New Plymouth Yacht Club. It was difficult to prise many of them from the hot showers at the end of competition! Our school representatives were:  
Brad McCormack "Simply Red"  
Trent Lochhead "Flying Circus"  
Jay Gable "Cutlass"  
Paul Moriarty "Tickled Pink"  
William Rowland "Minimus"  
Joseph Churchman had to withdraw from the Starling division competition because of sickness.

Outstanding results were achieved by Brad McCormack who sailed his way to first place in the Intermediate Championship after finishing with a 5<sup>th</sup> and two 1<sup>st</sup> placings in the three race series; and Trent Lochhead who sailed his way to 2<sup>nd</sup> place in the Optimist Secondary

Championship after consistently finishing the three race series with 2<sup>nd</sup>, 2<sup>nd</sup> and 2<sup>nd</sup>.

Brad's dad should also get a mention for saving the day and sailing a Spotswood College competitors 'Starling' to shore after it was abandoned after an afternoon of capsize.

## TSS TEAM SAILING EVENT 2004

The Taranaki Secondary Schools' Team Sailing Contest was sailed at Ngamotu beach at 1800 hours on 1<sup>st</sup> March. Our three crews competed against teams from New Plymouth Boys' High and Spotswood College. The winning team gained the right to compete at the National Secondary Schools' event to be sailed in the second week of the Easter break in Timaru.

We began with a two race series against Boys' High in 15-20 knot winds and were beaten by their three very experienced crews. The minimum weight requirement for this event was 115 kg. per boat and we were forced to carry 20kg. of sand in one of our boats, and approximately 10kg. in our other two boats to reach this standard. Neither of the other schools were required to do this; their crews comprised of older and larger boys.

Spotswood College and Boys' High had the second Two race series. After this they were tied on points and had to have a third race which saw Boys' High winning first placing. These races were thrilling to watch as the two schools used strategies to try and draw the opposition's boats out of competition. They both were very good at using racing rules and working as a team to try and win. Constant bantering was heard and protest flags were flown for any perceived misdemeanour. The Judges ordered 320' penalties and yells of 'Buoy Room', "Starboard" etc. echoed across the water.

We raced the final race on dusk against Spotswood College to compete for 2<sup>nd</sup> place. The final mark saw Spotswood College winning by one point.

I would like to thank our team.

Crew 1- Joseph Churchman ( skipper)  
Paul Moriarty

Crew 2 – Trent Lochhead (Skipper)  
William Rowland

Crew 3 – Jay Gable  
Brad McCormack

(This team shared the role of Skipper throughout the racing)

I would like to thank James Burt, Sam Connolly and David Hills for being available as crew and reserves during the training and competition. Also many thanks to the parents for getting the boys to the training night, the Sunday competition that was finally postponed, and being there on Monday night in a support role both on the beach and at sea.

As our first foray into this competition is now over we are already planning our second attempt next year. We are lucky to have this team of young sailors and as they gain experience (and weight!) I'm sure we will be become more of a challenge to the other schools that have traditionally been the leaders in this competition.

A final thank you to the NPYC for making boats available for us to practise and race in, and for organising a competition that was judged fairly and encouraged good sportsmanship in a fiercely contested sport.

## TARANAKI SECONDARY SCHOOLS' SURFING COMPETITION

The Taranaki Secondary Schools' Surfing competition was held at Oakura Beach in the first term this year. Ben Connolly, Anaru Hurunui, Matthew Walsh, Lee Fleming, Liam Coltman, Sam Connolly, Ashley Reader-Nokes, Maxim van Lierde, Dillon Walsh, competed in overcast weather with small waves.

The bodyboard team consisted of Sean Markham and Hugh Petersen in the Under 15 division, and Cameron Nganeko, Griffin Hunt and Mathew Barton in the Under 18 event.

Francis Douglas Memorial College came second overall, being convincingly beaten by NPBHS this year. Ben Connolly came second, Anaru Hurunui came third and Matthew Walsh was placed fourth in the Under 18 age group. Lee Fleming came second in the Under 16 age group and Maxim van Lierde came third in the Under 14 boys' competition.

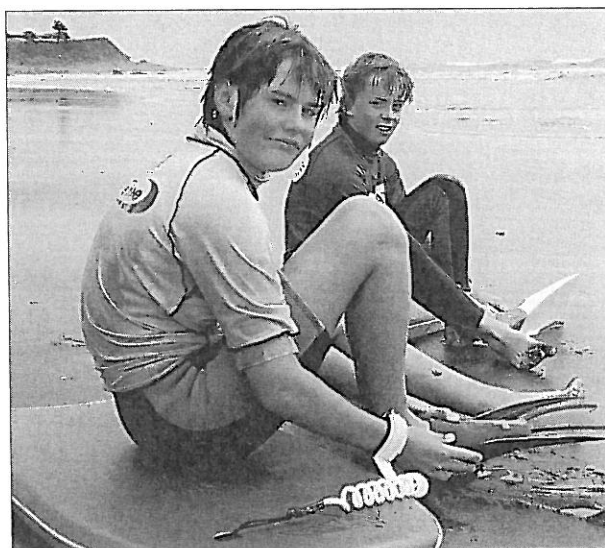

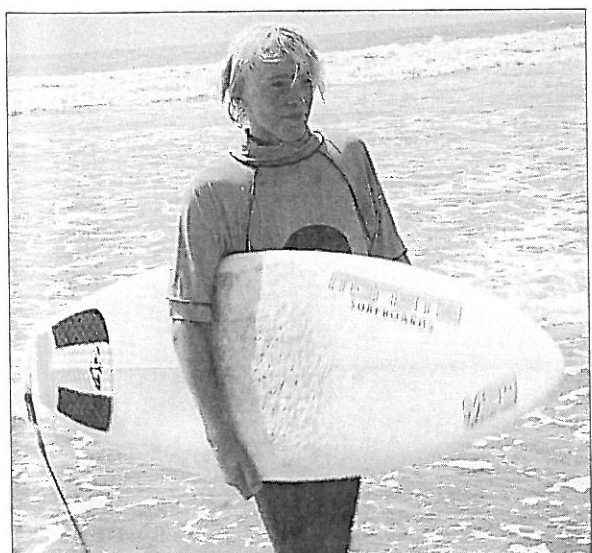

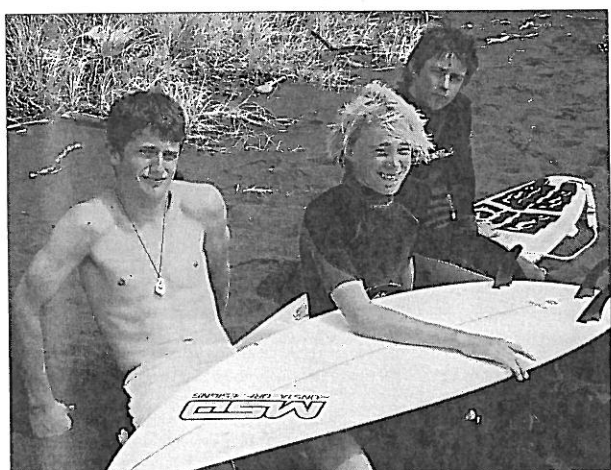

From here the Taranaki Secondary Schools Surfing Team was chosen to go to Gisborne to

compete. Ben Connolly and Anaru Hurunui were the two FDMC students chosen to go. Unfortunately Anaru could not compete so the team reserve was called in.

The Taranaki Secondary School Surfing Team came second overall out of 14 provincial teams and got recognition for the best team spirit and displaying awesome sportsmanship. This was their best ever performance! The East Coast local team won. Could have had something to do with local knowledge!

Thanks must go to FDMC for helping to support this provincial team by hiring a school van to take them for the last two competitions. Without this support from you and the other Taranaki secondary schools involved it would have made it difficult for them to compete.

Thank you to John Neeson and Brenda Walsh who managed the boys and made sure that they were at the correct arena on the day.

## SKIING / SNOWBOARDING

## TARANAKI SECONDARY SCHOOLS SKI/SNOWBOARD COMPETITION

This event was held in Week 2, Term 3. We were lucky to have had a huge amount of snow on Mt Egmont/Taranaki combined with some fine weather.

The event involves each competitor having two runs down a slalom course. Their two timed runs are added together to accumulate a final result.

Seven schools entered creating a field of approximately 70 competitors.

The results were:

**Skiing****Junior Boys**

Jack Burr 5<sup>th</sup>  
Matthew Perry 9<sup>th</sup>  
Trent Lochhead 13<sup>th</sup>

**Senior Boys**

Stuart Baker 2<sup>nd</sup>  
Morgan Davies 7<sup>th</sup>

At first some of the new competitors were a little reserved in entering. Our older and more experienced were confident to try to achieve the fastest times.

Many thanks to the Stratford Ski Club and the parents who helped on the day. Well done to our athletes.

John Neeson  
Snow Sports Coordinator

**Snowboarding****Junior Boys**

Taylor Brien 2<sup>nd</sup>  
David Jimenez 10<sup>th</sup>

**Senior Boys**

Kelly Barclay 3<sup>rd</sup>  
Anaru Hurunui 8<sup>th</sup>  
Sheldon Hill 9<sup>th</sup>

## NORTH ISLAND SECONDARY SCHOOLS' SNOWBOARDING COMPETITION

Due to senior exams happening at the end of term 3, the opportunity of representing our school at the North Island secondary schools snowboarding championships was given to Jay Gable and myself, Max Williams.

Neither of us had much experience competing against others but without a doubt we were stoked to be a part of it. Because of the exams we had to organise things ourselves with the much-needed help of our parents.

On Tuesday the 14<sup>th</sup> we hit the road to Ohakune, where we managed to keep ourselves entertained with games like eye spy and before we knew it we were in Ohakune in time for the briefing.

The next morning the weather was great. We took off early and got into the top car park. All of the mountain was open and was packed with teens with white bibs representing their schools. We warmed up with a few runs down the mountain and then went up to the boardercross. This is an event when 4 snowboarders race down a course full speed. The course is full of bumps, jumps and banked corners and

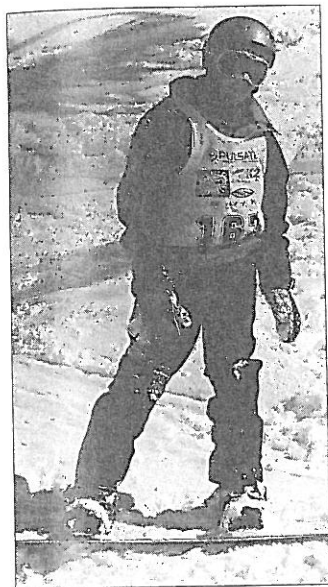

because this is a knock out race, only the 1<sup>st</sup> and 2<sup>nd</sup> placings move on to the next round.

I was in heat 7, which was before Jay's, and I was fully amped. This was until I looked at my competitors and they were huge and I felt very small. When I was called up to the gates I wasn't sure what to do. They lined me up and counted down 3,2,1 go, the ramp went down and we were off. I was last out of the gates. On the first jump 2 guys in front of me bailed and I went on just behind the leader to take out 2<sup>nd</sup>. I was so stoked with myself! Now I will let Jay tell you about his heat.

My heat was heat 15. After watching all the other races I saw the majority of the guys who would go 1st would all bail, then the guys coming 2<sup>nd</sup> would get all caught up in the guy in front. So when the gates dropped I waited for a second then I went. I managed to dodge all the spills and went on to come second.

Because we both moved onto the next round we were stoked. We took a couple of runs down the mountain and then returned to the boarder

cross but it was packed with all of the girls' division. We asked an official what was going on and we were told that it was already way through the girls' division and that we had missed out on our races and had been disqualified! We were really gutted at this because we were really looking forward to getting through to the next round. We decided it was time for food. After lunch the weather was still great so we headed over to the giant slalom. Even though this is no where near as fun as the boarder cross we still had a great time. My first run was a time of 33 seconds and Jay's time was 31 seconds.

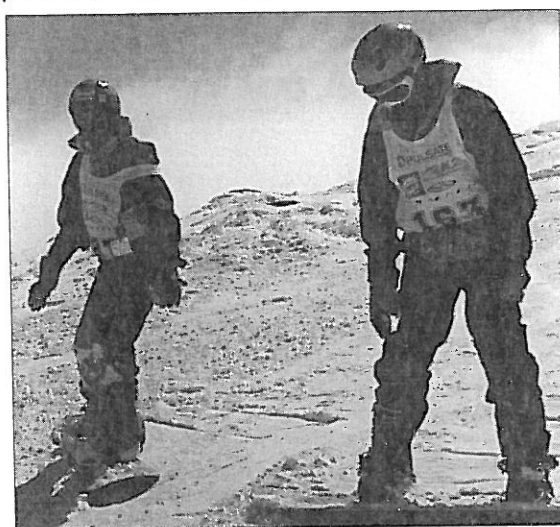

The following day was a different story. The weather was disgusting so we took a day trip into Taupo to try out the off road go-carts (in the rain) and get in the hot pools.

Friday was also a gross day when it came to weather. The upper mountain was closed, but the bottom (learner)

slope was open and events were moved to there. The only event happening that day was slope style where you were marked on your trick performance (air technique, specialised moves and crowd appeal). Due to unforeseen circumstances neither of us managed to compete in the event (3m rails is enough to put anyone off).

All in all it was a very exciting trip, we had lots of fun, saw lots of amazing things and amazing people and gained lots experience. We are both really looking forward to competing next year and hope that it will be as awesome as this time around.

By Max Williams and Jay Gable  
Special thanks to Tony Gable.

### Intermediate Ski Races

This event was held on Mt Taranaki on 6<sup>th</sup> August. The snow conditions were very marginal and soft. Although the mist came and went the weather held up for the day. Seven schools entered in the Giant Slalom course. It was fantastic to see so many enthusiastic athletes keen to represent their schools. The fastest times of the day were by Finlay Neeson and Thornton Davies of FDMC. Prizegiving was held at the Stratford Mountain Club.

North Island Primary/Intermediate Ski Races was a huge event drawing a field of approximately 350 athletes from 87 schools. It was held on 30<sup>th</sup> September at Whakapapa Ski Field, Mt Ruapehu in beautiful weather.

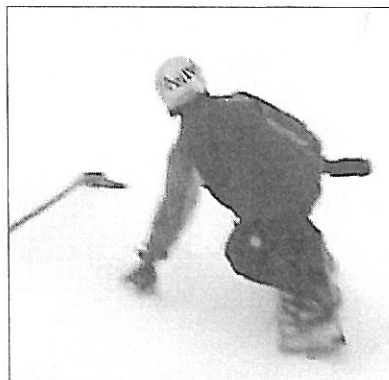

Our team of Finlay Neeson (Year 7), Thornton Davies (Year 7) and Jaden Hareb (Year 8)

competed against 100 Intermediate students. This is the first year FDMC has entered a team in this event.

The course was a steep icy Giant Slalom set in the shade of the "Pinnacles" in the Valley T-Bar. Once again our boys put FDMC on the ski map by their fantastic results. Finlay Neeson achieved 2<sup>nd</sup>, Thornton Davies 13<sup>th</sup> and Jaden Hareb 16<sup>th</sup>. Unfortunately we did not have enough racers participating to put the school on the podium.

Already our boys are recruiting their mates to put a strong team in for next year to represent our Intermediate department.

John Neeson  
(Ski/Snowboarding Coordinator)

## TSS SWIMMING

Back Row M.Hawkes, I. Walthew, A.Vernon, T.O'Dowd, N.Sole, B.Roberts.  
Front Row J.Dent, L.Banks-Novak, K.Sole, L.Rona, A.Leathem.

## MOUNTAIN BIKING

Congratulations to Jordy Whelan (Year 10) and Simon Orr who competed in the Taranaki Secondary Schools' Mountain Biking Championships at Lake Mangamahoe in Term 3. Both students received a placing in the Junior Cross Country event with Jordy placed 1st.

I would encourage more students to enter next year, especially in the Down Hill Slalom. It took most students 60 seconds to complete the slalom and you don't even have to pedal.

An invitational rider who was ranked 2<sup>nd</sup> in New Zealand clocked a time of 19 seconds. There were no casualties.

**Last words: Thrill seeking, phat and adrenalin high!**

## TARANAKI PRIMARY SCHOOLS CHESS CHAMPIONSHIPS

SUNDAY 17TH OCT

This is the first year our school has entered this competition and a team of 10 boys travelled to Oakura to battle it out with 50 other students from around the province.

Liam Poppelwell	Stewart Richdale,
Travis Mischewski	Thomas Firkin
Thomas Nagel	John Watters
Tim Watters	Finlay Neeson
Kawana Waugh	Hamish How

With 6 wins from 6 Liam Poppelwell took out the individual title,  
Stewart Richdale came second  
Finlay Neeson 4th  
Thomas Nagel 5th

These 4 boys also took out the intermediate schools' title.

## MOTORCYCLING

Andrew Graham received the following trophies on 3<sup>rd</sup> July 2004.

The Auckland Motorcycle Club 2003/2004 Protecta Insurance Club Championships presented Andrew Graham with a 1<sup>st</sup> in the Street Stock 150 riding on his Kawasaki- KR150, and 2<sup>nd</sup> in Formula Three riding on his RS 250 Aprilia.

Andrew races on tracks at Pukekohe, Taupo, Manfeild, Ruapuna and Teretonga.

## TSS SMALLBORE RIFLE SHOOTING

Riflery - a sport of skill and precision.

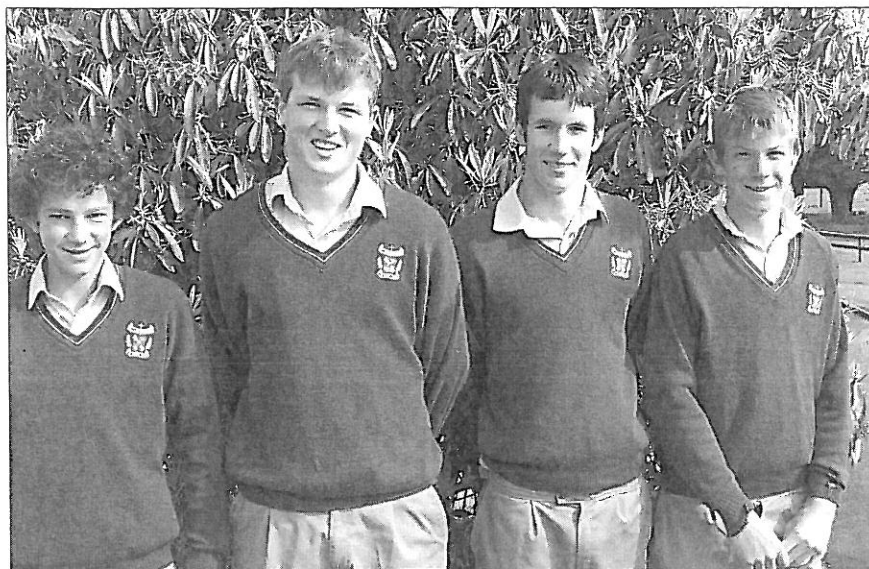

This year's Francis Douglas Memorial College TSS smallbore rifle shooting teams, of which there were three four-person teams, performed tremendously. The competition was, as always, held at the Inglewood rifle range.

Each person shot two full cards each of ten targets, giving a total possible (some may say not so possible) score of 200.20. Our shooters shot cards scoring between 160 and 183.2. Commendable scores bettering many of the more experienced teams. Unfortunately we were unplaced this year but only just.

Matthew Bloomfield - Rifling Captain FDMC

Back Row: N.Coulton, H.Till, J.Adams, M.Bennett

 Sam Applegarth (NZ U15 Pacific Basketball Team)  
 Thomas Ingram (NZ U14 Koru National Development Basketball Squad)

## MATHEMATICS COMPETITIONS 2004

We invited mathematics students this year to enter into two competitions organized from Australia. We would like to congratulate everyone who took the time to enter and to compete. Meeting a good challenge is always a worthy activity.

We would especially like to congratulate the following:

### Westpac Australian Mathematics Competition

Callum Tanner	Distinction
Simon Velvin	Distinction
James Putt	Distinction

Lance Molyneaux	Credit
Simon Gray	Credit
Matthew Westbury	Credit
Michael Putt	Credit
Matthew O'Neill	Credit
Andrew Crowe	Credit
Andrew Barczak	Credit
Shehan Gunatunga	Credit
Jayden Duthie	Credit

### Australasian Mathematics Assessment

Callum Tanner	High Distinction
Robert Crowe	Distinction
Jayden Duthie	Distinction
Mitchell Boulton	Distinction
Isaac Trevis	Distinction
Matthew Bloomfield	Distinction
Reuben Costello	Distinction
Jeremy Adams	Distinction
Daniel Burkett	Distinction
James Putt	Distinction

## AUSTRALIAN SCIENCE COMPETITION

We had 96 participants in this prestigious competition organised by the University of New South Wales Educational Testing Centre, which attracted 410,000 students from across New Zealand, Australia and the Pacific region.

"The Competition is an excellent independent assessment of the science skills that students need in education, the wider community and the workplace of the future. All students are to be congratulated on their outstanding effort," said Associate Professor Peter Knapp, director of ETC.

Francis Douglas Memorial College results were:

61 students received participation certificates  
28 received credit certificates  
4 received distinction certificates

3 received high distinction certificates

Students who received high distinction awards were Simon Velvin, Year 10, Michael Lucas, Year 13, and Daniel Burkett, Year 13. These young men are in the top 1% of the country.

Students receiving distinction awards were Travis Judd, Year 7, Callum Tanner, Year 8, Robert Crowe, Year 9, and Kyle Crowley, Year 12. These young men are in the next 10% of New Zealand participants. Credit awards were given to the next 20%.

We thank all students who took part and look forward to even greater participation and success in 2005.

Brian Coulthard

## SCIENCE FAIR 2004

### Fonterra Taranaki Science & Technology Fair

A large number of students entered the Fonterra Science & Technology Fair held on the 10<sup>th</sup> and 11<sup>th</sup> of August 2004. The entries in the various categories were of a high standard. The following students won prizes:

The Fonterra trophy for best exhibit in Year 7/8  
Brynn Chadwick

WITT Nursing and Science special prize for the best written report  
Michael Lucas

IPENZ (Institute of Professional Engineers) prize for the best exhibit illustrating "a novel and useful application of technology to economise on heat, light, space or other resources around the home, school or workplace"  
Brynn Chadwick

NZ Sport Science and Technology prize for the best project on sport science and technology relating to sporting activity  
Edward Rawles

Geological Society of NZ second prize for best entries in the Earth Sciences  
Ciaran King

Journalism Year 7 & 8  
First prize Joe McCalman  
Second prize Emmett Hurley

Merit Julian Beardman

Photography Year 9 & 10

Second prize Ryan French  
Merit David Hills

Year 7 & 8

Merit Sam Coombes  
Jason French  
Cameron Ryan

Technological Development Year 7 & 8

First Brynn Chadwick  
Merit Brad McCormack

Scientific Investigation Year 10

Second Simon Velvin  
Merit Ritwik Palit  
Michael Wilson

Scientific Investigation Year 9

Merit Matthew Gordon

Scientific Investigation Year 7 & 8

Second Thomas Nagel  
Merit Christian McSweeney-Novak  
Lance Molyneaux

Year 10 Quiz - First place for the Francis Douglas team of Simon Velvin, Jason Senior, Amrit Singh and Mitchell Boulton with Brendon Berg as reserve.

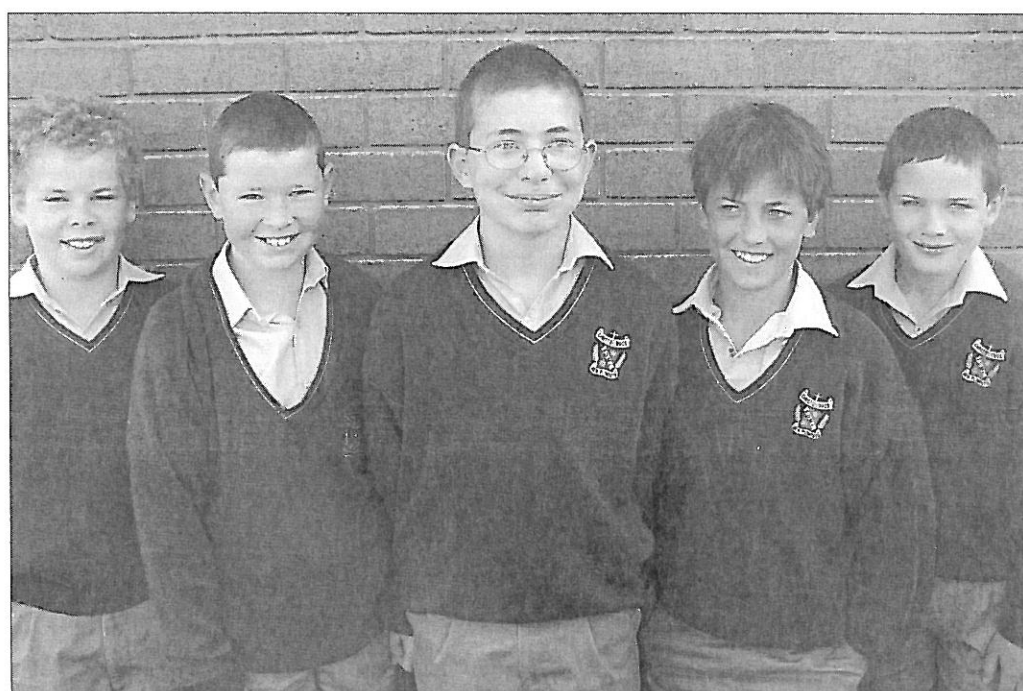

SCIENCE FAIR

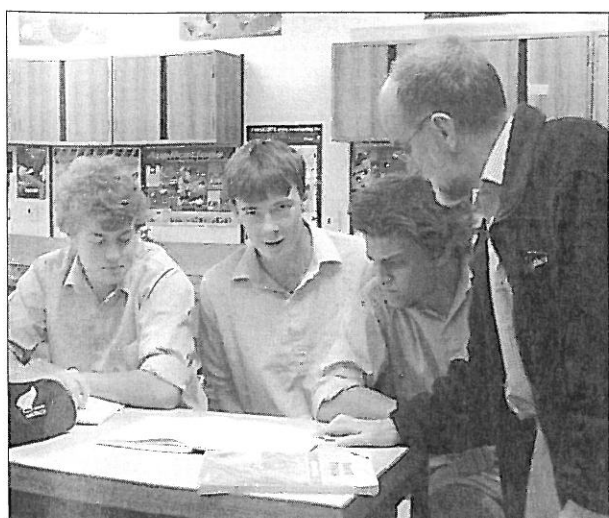

B.Sullivan-Brown, J.Adams, M.Lucas, S.Velvin, M.Wilson, R.Palit.

SCIENCE COMPETITION  
HIGH DISTINCTION  
Simon Velvin, Michael Lucas,  
Daniel Burkett.

SCIENCE FAIR WINNERS  
Sam Easton, Ciaran King, Travis Mischewski, Christian McSweeney-Novak, Joe  
McCalman.

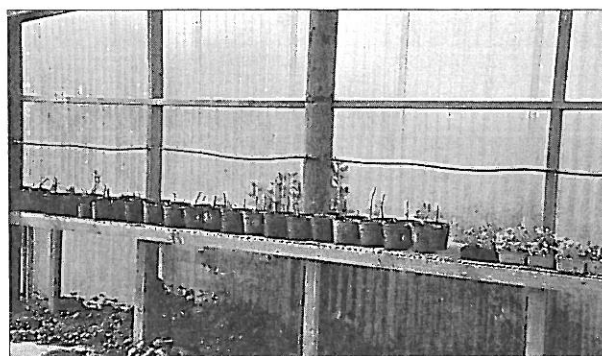

## AGRICULTURE/HORTICULTURE REPORT

The year 2004 began with the news that the examination results from 2003 were pleasing, especially the results of the Year 13 students. A large number of these students have gone on to tertiary study.

The LA Alexander Trust enabled the further development of the Agridome facility in 2003. The greenhouse, shadehouse and workroom have been extended to a useable size. Safety features such as fire extinguishers and first aid kits have been installed as part of the upgrade.

This facility and the gardens were fully utilised by the students.

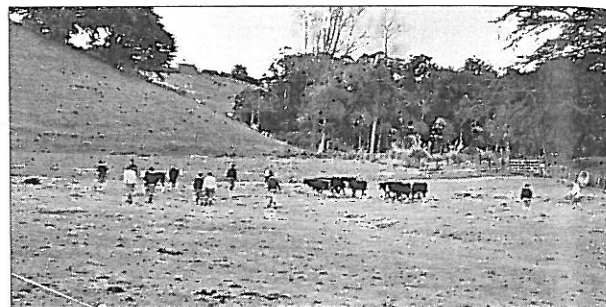

The students developed and maintained their individual garden plots, propagating plants from seed and cuttings. The endeavours of these students has commercial potential for the school with approximately 350 kowhai grown and available for sale this year.

2004 saw Year 9-12 students being involved in a practical feeding trial. This involved the students calculating the feed required for the animals to gain 0.5kg weight per day, calculating the feed in the paddock and rationing the feed to achieve this weight gain and weighing the

cattle to check the results. Accuracy was everything.

After 10 weeks they were 0.5kg off target.

Again in 2004, FDMC hosted the ACC safety challenge. By a narrow margin we were third. Special thanks go to Norwoods, ACC, NZ Police, OSH, New Plymouth Honda and Wrightsons for their assistance.

A highlight for Year 12 Agriculture was a trip to Massey University for the "Big Day Out", an educational day involving real agriculture, and a day spent calculating: the ten best cows in a herd, the amount of fertiliser in hay, the soil water deficit and the nutrient requirements of a hydroponic system.

In summary, the Agriculture/Horticulture students of 2004 were a joy to teach.

## SPRIT OF NEW ZEALAND

Peter Denney went on the Spirit of New Zealand from the 8th to the 14th July this year. He boarded the boat in Auckland and then sailed around northern New Zealand, including North Cape, Cape Reinga, Great Barrier and Little Barrier Islands, returning to Auckland at the end.

Each day began at 6.30am with half an hour to get organised before an early swim. The days involved preparing and maintaining the boat, and games later in the day. The students on board were from all over New Zealand and were

divided into 5 teams of 9-10 people each. On the second to last day the Spirit of New Zealand sailed into Great Barrier, where the highlight was a bonfire, playing soccer, rugby and touch, and a tramp.

All in all, there was lots of hard work but also lots of fun. Peter enjoyed the supportive environment and made some really good friendships. He would recommend the experience to anyone.

## YEAR 7 DEBATING

After a hard fought selection process Timothy Apps, Cameron Ryan, Finlay Neeson, Lance Molyneaux, Jan Coetzee and Travis Mischewski were chosen to compete as the FDMC Year 7 debating team. Shehan Gunatunga volunteered his services in coaching the team.

Their first challenge was against the Stratford St Joseph's Year 7 debating team, in which they were defeated in unfortunate circumstances. To my great pride and pleasure, the team accepted the decision.

The last debate pitted us against a Sacred Heart Year 7 debating team. In a close contest, our team lost this debate. Their taste for debating, representing FDMC, has been whetted and I am certain these students will continue developing their debating skills. I enjoyed working with this enthusiastic group of students and wish them success in their future debates.

Joan Coles

Debaters F.Neeson, T.Apps and C.Ryan competing in an inter-school debate.

## ART REPORT

2004 has been another busy, productive year for the Art Dept.

This year the numbers of Year 13 students studying photography has grown. We had a worthwhile trip to the Govett-Brewster Art Gallery to listen to Lawrence Aberhart (a leading New Zealand photographer) speaking about his work. He uses a large format camera and often long exposures to capture his images which contrasts with the digital technology being used today. Through Star funding we were able to bring Kevin Capon to the school to run a photography course for the students over Labour weekend. He was inspirational and undoubtedly the boys benefitted hugely learning techniques and experimenting with using their cameras in new ways.

Year 12 students completed their year's work with a Painting Achievement Standard where they got to paint on stretched canvasses. These were displayed in the gym at the Senior Prizegiving. This group completed Achievement Standards in Photography, Design, Printmaking and Painting, and produced some extremely good work throughout the year.

Year 11 is always a busy one. Remembered by most students for the three board external submission, it also has three other Achievement Standards. The most memorable of these is where they have to take their chosen images into alternative media. They make maquettes out of clay based on the image and sculpture of artist model Chris Booth, and then go and construct it in the sand at Back Beach. This is not as easy as you may think. Armed with spades, string lines, trowels, rakes, buckets etc. and clothing and equipment for every eventuality as well as the folder of plans, they venture forth.

Year 10 Option class has been a talented group and should create quality material for NCEA in 2005. Currently we are working on an Achievement Standard entitled 'He Waka' which is a research topic. It is quite time consuming, so I intend to address it this year to enable us to concentrate on practical art next year.

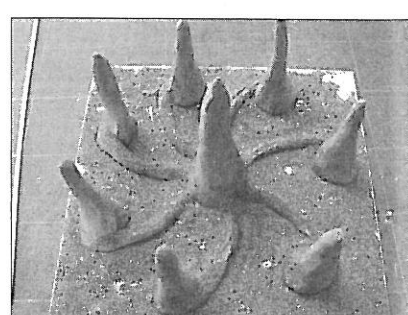

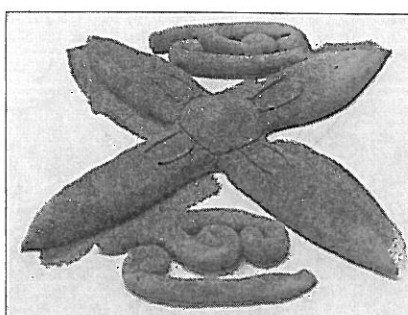

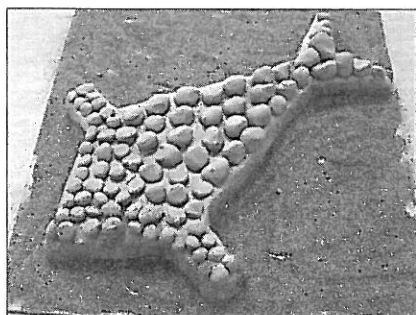

Ruth Morrison MacNicol has joined us this year and has been teaching the Year 9 Option Art class. They have done some excellent drawing, painting, clay and print work under her tuition. All of these students should arrive home with laminated calendars featuring their own work at the end of term.

Bryce Koch has worked with the Years 7, 8, and some Year 9 Core Art classes. There has been a large range of activities and media covered by these pupils. Year 8 students have designed and painted ceramic tiles which are nearing completion. The Year 9 classes have made three tone reduction woodcut prints, observational drawings and are currently transferring these images into a painting.

Thank you for your support - whether it be for scrubbing printing ink or paint out of your son's clothing; financially in the case of photography studies; encouraging your son in his efforts so that he can fulfil his potential.

Finally we wish you all a great summer break, and hope that you find the time to try something new and creative these holidays.

Jane Aitken Connolly  
HOD Arts

## KAPA HAKA GROUP

The third term of this year brought about a change in the school's extra curricula activities with the re-introduction of the Kapa Haka group. The art of rhythmic dance has been a learning experience for many of the boys, both Maori and non-Maori. It was great to have a large and diverse number of interested and dedicated men eager to get started on the complicated Haka and the melodic waiata.

With the help of the highly experienced tutors, Matua Anaru and Te Rangi Whaio alongside the knowledgeable Taare Ruakere, the boys were quick to pick up the basic routines and the catchy tunes. The group also formed a tight bond, which helped make the learning process quick and easy. Within two or three weeks the Kapa Haka group was ready to perform.

The group has performed twice so far this year, at the 2004 Showcase and at the Colours Ceremony. Although relatively inexperienced we made a lasting impression with the waiata 'Tu Hikitia Ra, He Totara' and 'Tama Toa'. Both

of these occasions were massive stepping-stones in preparation for our performance at Pae Rangatahi next year (regional Kapa Haka) alongside our sister school, Sacred Heart.

Another addition also was the opportunity to participate in a traditional carving course. Being a Maori student I can now enjoy my culture with my peers. This course gave the selected few students the chance to design and create their own unique carvings. Exploring the basics of traditional carvings and techniques was a unique experience that many of us will never forget.

Finally I would like to thank the boys for their enthusiasm and contribution to both the Kapa Haka group and the carving course, and looking forward to a continual commitment for the next year. Thanks.

Matangi Shepherd  
Alekana Feaunati

## CAREERS PATHWAY PROGRAMME 2004

Students involved in the Career Pathways Programme have had a busy and interesting year, at times even exciting and challenging (well, it has been for Ms O'Reilly).

CPP tries to provide experiences through courses and work experience that will help students in their transition from school to employment or further training options.

In some cases the students know the direction they wish to travel and want to gain some relevant qualifications and experiences while trying for an apprenticeship or job. The majority of students, however, are unsure what field they want to work in, and need to experience a variety of trades and jobs to help them make some decisions.

The students have been involved in a variety of courses, such as:

- Adventure based learning
- YMCA
- Engineering
- Alpha
- Carpentry
- Automotive
- TWT
- First Aid
- M&O Training
- Hospitality
- WITT

A highlight of the Term 2 and 3 Hospitality courses was the assessment nights which involved the students preparing a three-course meal, under the supervision of two chefs, for paying customers (staff and parents). This took place at the Impressions Restaurant at WITT and was very impressive.

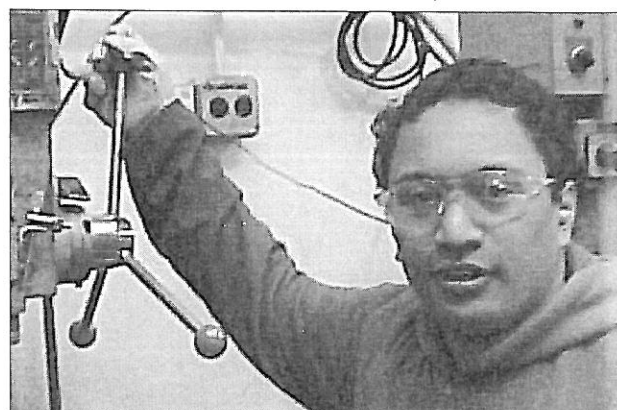

A big thank you to the staff involved with the CPP students, Richard Doherty, Chris Rata, Mike Ingram, Chris Moller, Peter Smith, Kieren O'Neill, Brother Ray, Dalwyn Poole and Brenda Walsh.

Special thanks to Robin Wackrow who does such an excellent job organising the work experience placements. And last, but not least, thanks to Alison Cleaver who took over the main driving duties this year, ably backed up by Brother Ben who also managed to record some of the students at work and on courses.

The last word, of course, goes to the students:

- ☺ I learned how to work with people and learnt new things in the workplace.
- ☺ Good course, good teachers, good organisers. Recommend this for those students who want to get out into the workforce.
- ☺ CPP is good for people who aren't sure what they want to do
- ☺ It has given me some good work experience. I may have a job lined up.
- ☺ I thought the automotive trade was for me, but since working at two engineering companies I have enjoyed this more.
- ☺ It was worth the experience of CPP. I was sure of what I wanted to do and thanks to the programme I now know it wasn't what I wanted to be.
- ☺ CPP has helped me to realise that all is not lost if you don't do well at school. I was offered a full time job and two part time jobs. CPP is very helpful in aiding people to work towards a specific job area and to explore a range of options.

**CPP CLASS  
2004**

Once again the Careers Centre has been well utilised by students across all year levels and for a range of purposes. From mid-year on, Year 13 students in particular have made use of our facility and resources. We organised visits by liaison staff from various universities which were very valuable to, and well attended by, the senior students.

In Term 3 all of our Year 11, 12 and 13 students visited the annual Taranaki Careers Expo. This gave them the opportunity to speak to representatives from the universities, polytechnics, private training enterprises, industry training organisations and the armed services. We also held a PACE (Parents as Career Educators) evening in August, which was well-received by those who attended. The senior Maori students have attended Maori student days, Te Whakamana Taitamariki, and Taiohi Tu Taiohi Ora with Mr Taare Ruakere.

### DISTANCE LEARNING

During 2004 we had 31 students from Years 11 to 13 enrolled at The Correspondence School studying Classics, Music, Graphics, Te Reo Maori, Agriculture, Computing and Media Studies. We also had 18 students taking units through The Open Polytechnic, Travel Careers & Training Ltd, Taratahi Agricultural Training Centre and Telford Rural Polytechnic. Students taking unit standards from these providers do so as a means of gaining some theoretical knowledge in the areas they intend to go into when they leave school. They can also use the credits gained towards their NCEA.

### WORK EXPERIENCE REPORT

The work experience programme facilitated twenty four placements in Term Two and twenty three placements in Term Three. These were in diverse areas such as hotel management, electronics, building, farming, auto technicians, butchery and engineering. We also have boys learning first hand how to be chefs, landscapers, tilers, auto electricians and joiners.

Placements last a minimum of ten weeks. This allows time for students to build skills and knowledge so they can make informed decisions about their future careers. Similarly, employers get to know the boys and give us valuable feedback on strengths and areas to work on. Our links with the business community are a vital part of the programme. The students are aware they are ambassadors for the college and high standards are expected. As other schools in Taranaki are also running work experience programmes we need to be pro-active in finding and keeping placements.

We are grateful to the following companies for their consistent support of our boys:

ABB Ltd	Brumby's
Agtronics	Dave Winter Ltd
JLE	Cocoran Bros
Benchmark	Greenleaf Landscape
Meuli Landscape	
Autotech	
Te Korimako O Taranaki	
Espresso Café	
Grand Central Hotel	
Colson Road Nurseries	
McCurdy's	
Scott's Sheetmetal	
Spotswood Automotive	
King & Steer Construction	
KDL Electrical	
Kiwi Butcher	
Ivan Heal Plumbing	
Stratford Engineering	
Croucher & Crowder (Hawera)	
B&G Engineering	
Kitchen Designz	
Plymouth Hotel	
Corkill Systems	
New World Supermarket	
Jeff Clement Builders	
Street & Cook Builders	
Warren Barnes Tiling	
Rob McGregor Farming	
Glenn McCartney Mechanic	
Fletchers' Construction	
Ken Northcott Builders	
Meco Engineering	
Stewarts' Electrical Supplies	

## NIE QUIZ NIGHT

This year we were able to enter 3 teams which was really good as it gave more boys the chance to pit their current event skills against other Year 7 and 8 Students from around the province.

The boys were up there at the top after The Current Events question, as they always are, but were tripped up later with the Scavenger hunt, finishing 4<sup>th</sup>, 5<sup>th</sup> and 7<sup>th</sup>.

Team members were:

Jake Blanks  
Nick Dravitzki  
Christian McSweeney-Novak  
Callum Tanner  
Kale Joines  
Rhys Williams  
Rory Kelly  
William Johnston  
Sam Easton  
Matthew Westbury  
Zac Milner

---

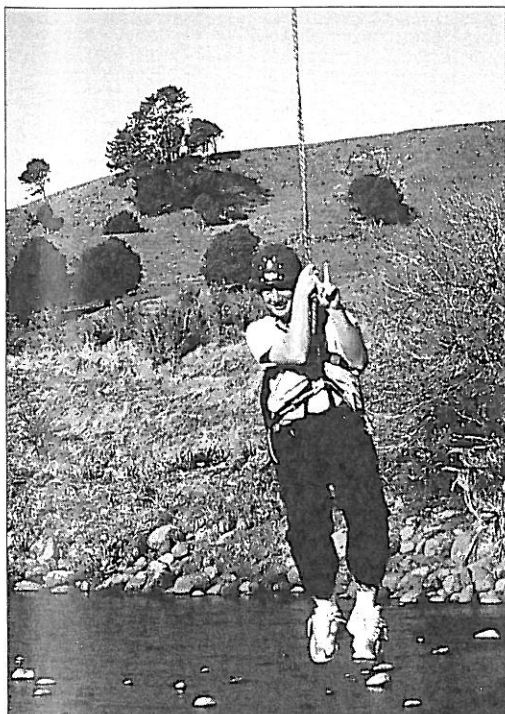

## TOPEC 2004

Eighty Year 10 boys attended the Taranaki Outdoor Pursuits and Education Centre (TOPEC) courses this year. The first group of 40 went in March with Mr D'Ath and Mr Morath. The second group of 40 went in September with Mr Simpson and Mr Rowson and both had very successful camps.

All the groups experienced kayaking, rafting, rope work course, rock climbing and orienteering in the mountain bush. As well as this each group had an over night camp either under canvas on the mountain or by Lake Mangamahoe.

Evening activities included the ever popular Capture the Flag, Spotlight and the camp fire. The boys were divided into groups of ten for the week and were expected to show teamwork, cooperation, leadership and respect for themselves and others on activities and around camp. They had to prepare all the meals and clean up for the week and competition was strong for the top group.

All the groups came through with flying colours and earned heaps of praise from their instructors for their efforts and enthusiasm.

**Fieldtrips:**

The Year 11 Environmental Biology class visited the Cowling Plantation and Barrett's Domain to study the diversity of species in each community. They also visited the Taranaki Regional Council and Possum Factory to learn about the control of possums.

The Year 12 class studied the distribution of a selected species on the rocky shore at Kawaroa.

Mount Taranaki was visited by the Year 13 class on two separate occasions. On the first visit the Department of Conservation taught the boys sampling techniques to use in their individual investigations. During the second visit boys collected data for these investigations.

The students used the data collected during the field trips to write reports for NCEA internal assessments.

**Visits to the College:**

Waikato University visited the College in June. The Year 13 class attended an excellent lecture on human evolution and had the opportunity to observe twenty different skull types of hominids and hominoids. The Year 12 class was given a Power Point presentation on altitudinal zonation at Taranaki.

John Auty from Ag Research visited the Year 13 class in August. He brought a class set of gel electrophoresis equipment to the college and the students had the opportunity to learn more about the technique first-hand.

**Other Highlights of the year:**

The Year 11 Environmental Biology class completed two Horticulture unit standards. They grew many plants which they donated to the Hospice Shop. The boys also set up a worm farm.

The Year 12 boys researched microbial technology and experimented making cheese and ginger beer. In the third term they learnt to use scalpels and dissected fish and rats.

Michael Lucas was awarded the WITT Nursing and Science special prize for the best written report at the Fonterra Science & Technology Fair in August.

**Pupil Feedback:****Year 11**

'The field trips were cool!'

'The possum factory was the best...'

'I liked going to the possum fur factory and 'Subway' for lunch.'

'The blanket made of possum skins was fantastic...'

**Year 12**

'The field trips to the rocky shore stood out as one of the highlights of Biology. We investigated the distribution of aquatic organisms for our internal assessment.'

The highlight of the Year 12 Biology year would be the memorable rat dissection. A marvellous experience that was highlighted by the accidental blowing up of the rat's intestines instead of lungs!

'I enjoyed ginger beer making using fermentation. The rocky shore fieldtrip rocked!'

'I had lots of fun examining different creatures on the rocky shore... Yeah, awesome!'

**Year 13**

'Culturally we evolved a lot this year. All the Biology we had to learn...'

'Mrs Marshall doesn't believe all of the human evolution theories but she firmly believes our class members are direct descendants from monkeys. I wonder why?'

## YEAR 13 GEOGRAPHY FIELD TRIP TO ROTORUA

A misty Monday morning in May and shadowy figures lever themselves onto Dave's Bus. We're off to Rotorua, tourism development a core topic of the senior Geography class and the best way to study it, in the field.

Mr MacNicol glances at his second-in-charge Kieren O'Neill, and casts an approving gaze over the lads. 'Well done men, all here by 8.00am'. Then turning to the driver, 'Fire her up Dave, we're off.' So began the last major field trip of our illustrious careers at Francis Douglas.

There followed three days of eating, breathing and sleeping in that fetid sulphurous atmosphere, the many tourist features and phenomena of Rotorua. We visited the Buried Village of Te Wairoa near the Pink and White Terraces, smashed and covered by the 1886 eruption of Maunga Tarawera. The geothermal forces that were unleashed in that brief but devastating eruption must have been fearsome to behold. We visited Whakarewarewa, with its excellent Maori Arts and Crafts Institute and the skilled carvers busy at their art. This is where those shattered survivors of the eruption were given land by the Rotorua Arawa Tribe to start their lives once again. This is the site of one of the largest and most beautiful carved meeting houses in this country and also where we gazed upon our famous, most active geyser, Pohutu. This has erupted almost continuously since the illegal steam bores of nearby motels and houses were closed down by the Council in the 1990s.

Our accommodation was at a Christian Lodge on the shores of the Lake, at Holden's Bay. This was carefully selected by Mr MacNicol for its quality and the fact that it was far away from the temptations of downtown "Roto Vegas". We were refreshed and fed by the fearsome looking bearded resident chef, Clive, a man who ensured that everyone did his duty in the kitchen. We built our own filled rolls for lunch and headed off to survey and map the Fenton and Tutanekeai Street concentrations. These are the areas of motels, hotels, restaurants, souvenir shops, travel information and service providers. Because of the high level of tourism development the size of the CBD is much larger than other cities of a comparable size. The redeveloped lake front with its tourist operators, boat and fishing charters, walkways and playgrounds all provide examples of the type of specific information that just cannot be gleaned from a text book.

The Agrodome with its famed sheep and farm shows now balanced by the thrill tourist attractions of the swoop, the V8 jet sprint boat, freefall and bungee was a highlight. We tried some of these before heading off to Skyline Sky rides, the gondola and the luge. Forty fired up Francis Douglas students screaming down the advanced track was a sight to behold. There were races and passing manoeuvres that will long be remembered. Then it was back home, weary but happy and each of us with a much better understanding of the topic we had been studying. The catch-cry for the trip was "just do it".

## AUCKLAND URBAN STUDIES FIELD TRIP

Early in term 3 the Year 12 Geography classes with Mr MacNicol and Mr Dravitzki headed up to Auckland to study the patterns and processes which helped form our largest city. We stayed at Blockhouse Bay on the shores of the Manukau Harbour a place called Motu Moana. Over the period of 3 days we explored volcanic cinder cones such as Mount Eden, the redeveloped waterfront of the Viaduct basin and various suburban shopping and housing areas.

housing and how it changed as we moved further from the heart of the city. The time we spent in the Queen Street area was also of interest, especially during our Monday night excursion. Henderson, with its massive Westfield shopping centre, is a great example of how large these malls can get. This is a real contrast to the shops lining each side of Great North Road, the original Henderson shops.

Part of the Geography course requires us to be able to map and explain how our city has developed. Several of our group had not been to Auckland before so the experience of exploring parts of this sprawling city was valuable. We studied the ages and types of

Chris the bus driver did a brilliant job of navigating us around the busy streets and our Teachers excelled in the kitchen, providing their hot and tasty meals to feed the hungry masses. It was a good trip which was a valuable learning experience.

## YOUNG ENTERPRISE SCHEME

YES gives students an opportunity to set up and run a business enterprise through the school year under the Enterprise New Zealand Trust. Participants learn valuable skills such as speaking and presentation skills in the oral presentations, marketing their wares at the Trade Fair, business reporting, and other teamwork and business skills such as managing meetings, financial management, planning, customer service and product research and development. All after tax profits are kept by the directors of the businesses!

A record five teams were entered into this year's Young Enterprise Scheme: Unique Innovations, Christo Duce Stubbies, Paradox, DNA and Total

Package. Ideas for products varied from licence plate surrounds to stubbies, umbrellas, and t-shirts, to socials. Unique Innovations even came up with a brand new product idea of their own.

It was a busy year, with a number of requirements needing to be met in order for the students to be in line for their credits. Teams are partnered with a business mentor to guide them and help focus their energy. In this regard our thanks go to our dedicated mentors Lyn, Deanne and Debbie from Staples Rodway. The teams achieved a number of awards including business planning and technological innovation.

## YEAR 10 QUIZ TEAM

The academic brilliance of past students weighed on our shoulders as we, four year 10 students, journeyed to the TSB racecourse on 11<sup>th</sup> August 2004 to participate in the annual Year 10 Science competition, for the region of Taranaki.

Our champion Taranaki quiz team consisted of the scientific brilliance of Simon Velvin and Brendon Berg and the organizational skills of Jason Senior, the quick thinking of Mitchell Boulton and the factual mind of Amrit Singh. They joined in fierce competition with approximately ten other teams all determined to glorify their school's name with a victory.

Our scientific knowledge soon came under huge pressure, as teams were required to complete 10 individual stations, questioning all the aspects of modern science - everything from

balancing chemical equations, to the biological fields of science and even performing some of the more complex practicals. All were worth important points in our quest to achieve victory.

Luckily, our calm composure, overriding confidence and somewhat comical combination shone through. Managing only second place from ten different stations, our desire to win now rested on our performance in the final questions, challenging our knowledge of scientific equipment. The final stretch obviously proved to be an obstacle for the other competitors and allowed the Francis Douglas team a narrow win.

The trophy had now left New Plymouth Boys' High hands for the first time in four years, and the Francis Douglas name now had another accolade to add to its list.

## NATIONAL YOUNG LEADERS CONFERENCE

The National Young Leaders Day, was an eye opener, an inspiration but most of all a completely humbling experience. The large group of us that went on this trip was as diverse as the college. There were academics, athletes and culturalists.

The conference offered various messages to a wide range of people. We heard many rousing personal experiences from Mai Chen, one of

the leading lawyers in the country. We also learnt that success is not always in winning, but in the journey through defeat. Liam Jeory - the Communication Director for McDonalds told of his greatest moment when he was working as a foreign correspondent in Gallipoli. The pride in our nation he conveyed caused a deafening silence, but the theme remained the same; live life with no regrets, and live not from the past but in the present, aiming for the future.

## ENRICHMENT WORKSHOPS

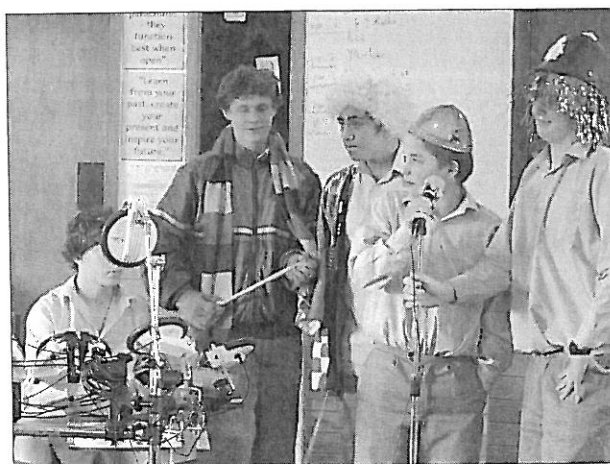

Another step was taken in the unveiling of the mystery that is life, for the thirty or so students fortunate enough to attend the Science enrichment, "Life's what you make it".

Approximately forty minutes of artistic brilliance, as the two actors conveyed in the simplest form, the secret behind our characteristics. From the use of mannequins, to a pack of cards, the show lacked neither props, nor education. It was an enlightening experience for everyone as the students were informed of the genetic code, the reasons for our individual traits and even how certain members of the audience (nudge-nudge, wink-wink) grew up to be so good looking.

Humour was definitely an important factor, with the highly experienced actors providing a brilliant blend of entertainment and education.

A further understanding of the puzzle that is genetics was achieved, through the unique activities and simplicity of the play. A show paved with interesting facts, veneered with the performance of the actors and perfected with a touch of comedy, the genetics enrichment brought to us by the New Zealand International Science Festival, has certainly given life to the aging text book.

Amrit Singh

## ENRICHMENT PROGRAMME – ART

During the second term, a group of year 9 and 10 students went to Margaret Scott's Art Studio in Oakura for two painting sessions on June 3<sup>rd</sup> and June 10<sup>th</sup>. We learnt the skills needed for painting with acrylics and even painted our own

canvas and board paintings. Each of us painted a coastal scene. We learnt about painting and had fun doing it.

By Cameron O'Sullivan and Edwin Rima

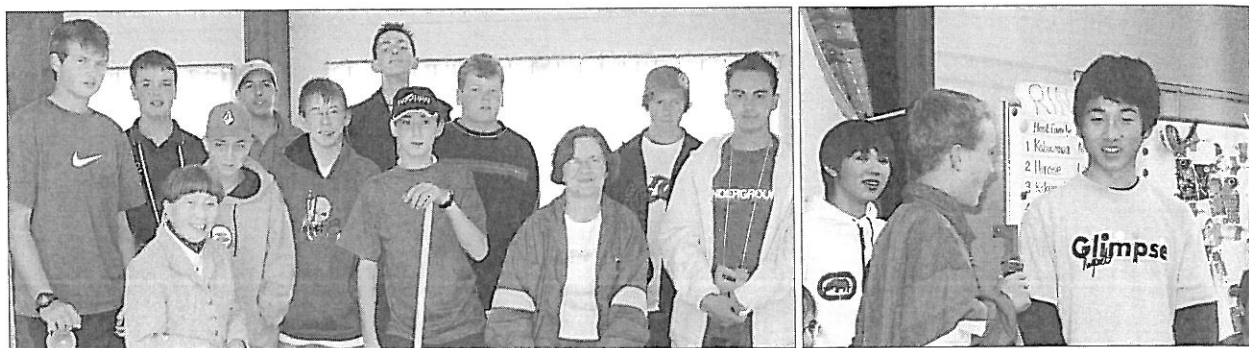

## JAPANESE REPORT

2004 has been quite a year. More than a year's fundraising culminated in the wonderful experience of taking ten young men to Japan in April - and bringing them all back. What an experience! We must thank our fundraising committee of supportive parents, and especially chairman Steve Day, for a great deal of the hard work.

Our other (smaller) effort for the year was International Languages Week in August, when we put a different greeting, each in a different language, in the notices for each day. The biggest challenge was teaching the staff every morning how to say their greeting for the day.

Ruth Marris

## JAPAN TRIP

The sudden jolt as the plane landed on the tarmac told us that we had finally landed at our destination, Japan. Ahead of us lay eighteen days of experiencing a completely different life and culture from our own and, along with that, a lot of fun.

The first stop on the trip was Japan's capital city, Tokyo. Tokyo is massive. The number of people in the city is so vast that the population of New Zealand travels through one of Tokyo's train stations every day, something we struggled to get our heads around. In the city, we stayed in a hall that was part of the church Father Leo Schumacher, an old boy of Francis Douglas, worked in. Father Leo was an awesome host and on our last night in Tokyo he took us to a restaurant where we tried, with some caution, a wide variety of Japanese cuisine. Oishii katta desu (It was delicious). We also noticed just how friendly and helpful Japanese people are. The few times we found ourselves a little lost, people were coming up to us in the street offering to help and sometimes even just for a chat, so they could practise their English. Also in our Tokyo visit we went to temples and the Imperial Palace, walked across the very large Rainbow Bridge and went on the largest Ferris wheel in Japan (all 117 metres of it).

On our way to Kyoto we stopped over a night in New Plymouth's sister city Mishima. Here we went on a bus tour to popular areas surrounding

Mishima. This trip took us into viewing range of Mount Fuji but unluckily the mountain was covered in cloud.

Then, after a 250km/h Shinkansen ride (bullet train), we arrived in Kyoto. Here we stayed at a youth hostel where we met not only Japanese people but Americans, Germans, English and even Australians, further adding to our cultural experience in Japan. The first place we visited in Kyoto was the world famous Kinkakuji or The Golden Pavillion. This ancient temple is seemingly coated in gold but it is in fact only a golden leaf and with the surrounding gardens is an amazing sight to behold. The Nijojo castle was also on our list of places to visit. Inside the castle, every step taken on the wooden floorboards produced a sound very similar to a nightingale bird. We were impressed by the traditional but unusual Japanese paper walls and with more elegant and very traditional Japanese gardens around the castle; this was another amazing stop on our trip.

Next on our tour was the city of Hiroshima. Looking out over the very large city made it hard to believe that just less than sixty years ago the entire area was completely destroyed by the atomic bomb, save for a few badly damaged buildings. Hiroshima meant the first of two home stays in Japan and what an awesome experience that was. Everyone's skills using the Japanese language were put to the test and

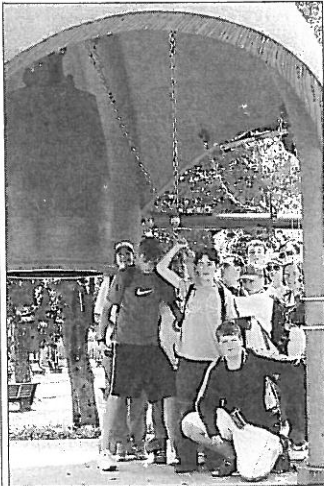

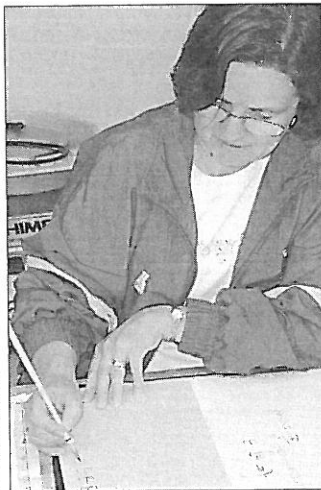

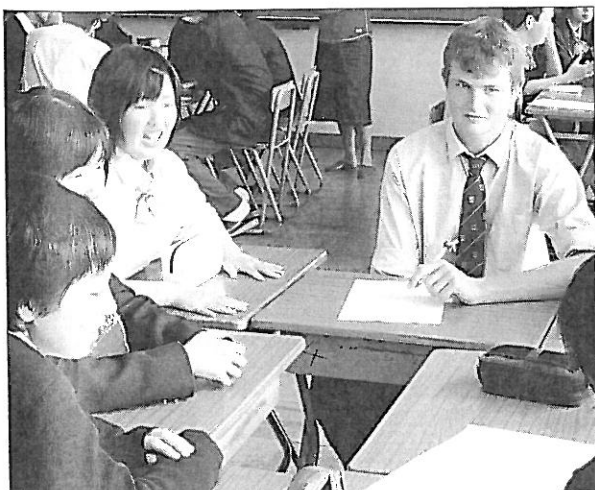

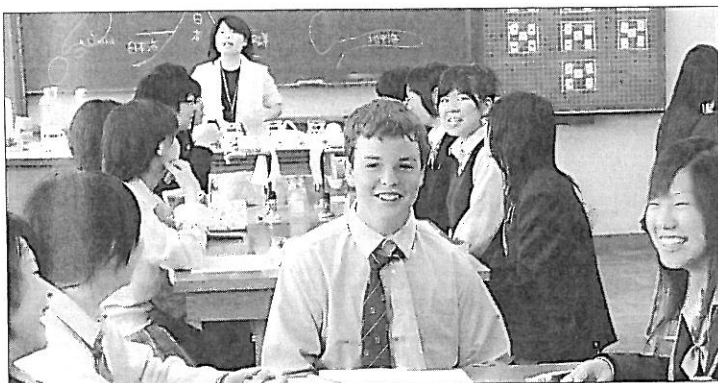

along with the limited English that our host families could speak the language barrier was almost always overcome, although this was not always the case. Hiroshima also offered many sights and things to do. At the Hiroshima peace park we hung the many paper cranes we had made before and during the trip, an act that people visiting the city always do in the remembrance of the past. We also visited the popular island of Miyajima, which is home to many deer that live among the people on the island. On our last night in Hiroshima the host families threw a farewell party, full of fun, food and games before we left the next day.

Osaka was the last city on our tour of Japan and the second of our two home stays. On arrival in the city we went to Ashima High School to meet our host students and their families. During our introduction to all the students we were amazed to hear excited whispers and giggling but most of all screaming, as if we were famous people. Our stay in Osaka was, like the rest of the trip, an amazing experience. We went to the Universal Studios Japan theme park, twelve hours of nothing but fun and good times with our host students. We were able to go into some of the classes at Ashima High School and

Toyosaki Higashi Primary School and experience school life in Japan. We also went to the observatory at the top of the Osaka Sky Tower, giving us an awesome view of Japan's second largest city. The host families in Osaka were, like our Hiroshima families, very hospitable and awesome people and really made our trip the great experience it turned out to be. However all good things must come to an end and the end of our Japan Tour had finally come. The plane left the tarmac of the man-made island of Kansai Airport and we were on our way home to New Zealand.

The Japan Study Tour was a huge success and because of the remarkable and awesome Japanese people, we left with more gifts from our host families than the number of gifts we took over for them. A big thanks to Mr and Mrs Marris for their involvement in the trip, especially to Mrs Marris for her brilliant organisation and hard work and her very good knowledge of the Japanese language. It was an awesome and very worthwhile experience, which everyone thoroughly enjoyed and would definitely do again.

Kyle Crowley

## SPANISH REPORT

It has almost been two years since us ten students started on our quest to achieve a bilingual status.

Spanish is the third most widely spoken language in the world with four hundred million speakers in twenty-two different countries.

Spoken widely around the world, numerous words derived from the Spanish language are well known in today's society, and many people are still oblivious to the true origin of certain sayings and words. Varying from, for example, the famous counting sequence "uno, dos, tres,

cuatro, cinco" to the names of celebrated cities like Los Angeles, literally meaning The Angels. The Spanish language class has had a large influence on our future schooling.

We would like to thank our teacher Mrs. Barrientos. Her tireless effort and constant encouragement have helped us to grasp the Spanish language and culture. Spanish was the highlight of our Year Ten year.  
Gracias Señora Barrientos

The Year Ten Spanish Class of 2004

## M.A.D

### MISSION ACTION DAY

Our College holds many mysteries for new students and staff to unravel. MAD is the ultimate test.

As usual it was a great day and the weather was especially kind. The roll check in the morning showed that relatively few were missing and this was a great sign in itself.

It is the day when we remember and celebrate the life of Father Francis Vernon Douglas and then walk (or run) to raise money for one of our Lasallian Support Agencies.

Father Joe, our chaplain, and the senior students led us in prayer and reflection aided by a power point presentation engineered by Br Ray with help from our Year 12 Lasallian Youth leaders and a virtual Br Geoffrey. Some students from the Hohola Development Centre actually spoke to us in the presentation and this was yet another way of highlighting our Lasallian Heritage.

The next short while was great fun and we were keen to share it all with the neighbours and anyone else out on the road during the next couple of hours. At the end we did enjoy our cold drinks and sausages.

### SOME HIGHLIGHTS

Shane Bloomfield blowing his own trumpet.

Chris Wicky reflecting in Japanese.

Riley McGregor conquering the Our Father in Pigen.

The whole Spanish class reciting the Hail Mary in Spanish.

Mr. Moller "on his bike".

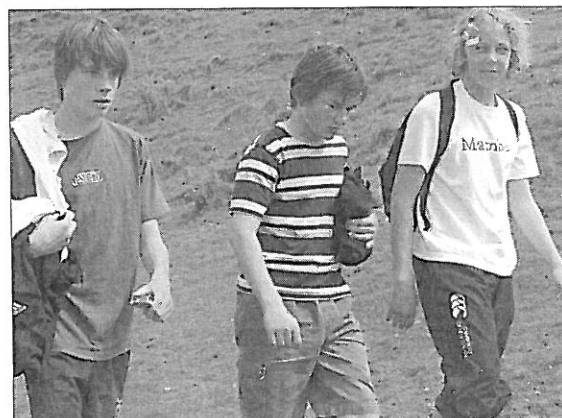

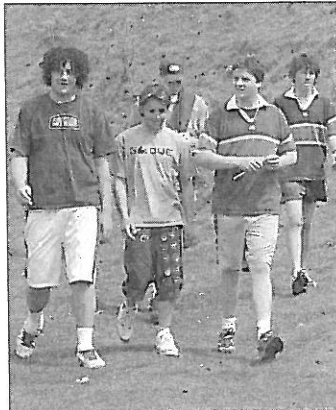

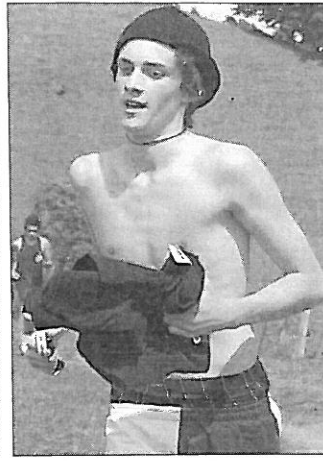

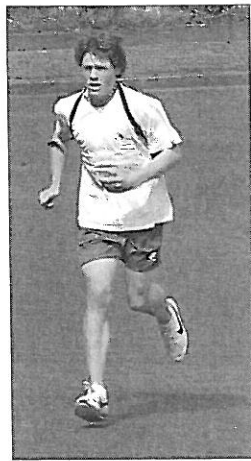

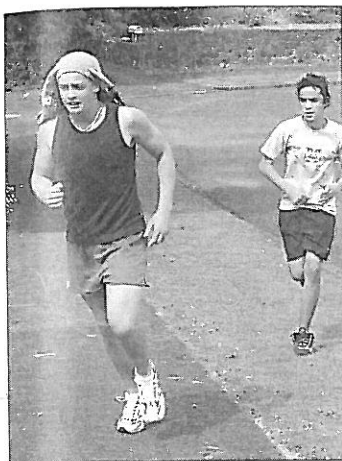

The very fast race by the front runners to be back first.

Hohola students on the screen.

A final total of nearly \$11,500.

The whole College community focused on supporting others.

## YOUTH MINISTRY

This has been another positive year filled with a variety of activities involving young people and encouraging them in their faith journeys.

It has been a year to remember as two new important groups have been created in our College. One is the "Voice of Youth Committee" which saw its "birth" early in June as students were invited to become involved in a social justice group. From this invitation a selection process took place to send three students to a "Voice of Youth" conference in Brisbane. Three students Zenek Zurowski, Joe Bradley, Jamie Barrett and myself attended. The experience was a huge learning curve and we realised as we met with students from several other Lasallian schools how much we can do to stop injustices in our society. Upon our return we shared our experience with the whole school at assembly as well as the details with the other members of the group.

Our involvement to date has been meeting regularly to discuss issues that we could be involved with. A presentation on Mission Action Day was given about some of the students, and their needs, from Papua New Guinea. We helped a church organisation to load, clean and prepare materials for the Solomon Islands that

have been devastated by poverty and we are selling handmade cards for students in Vietnam to help with their education.

The other group that has started is the LaSallian Youth Leaders. Br. Mark McKeon and myself gave training to 32 Year 12 students. The goal was to enable students to develop some of their leadership skills. This has enabled them to be capable of being more involved in junior retreats, getting to know the new students better by forming Big Brother- Little Brother relationships and developing leadership skills. One of the activities for members of the LYL students was to visit some of the Catholic primary schools in the area to introduce themselves to those new young students who will be coming to FDMC next year.

All of the above experiences as well as retreats, school masses, liturgies and the day to day activities in the school are enriching and life-giving also for me in this ministry.

Margo LaBerge  
FDMC Youth Minister

## YEAR 9 CAMP

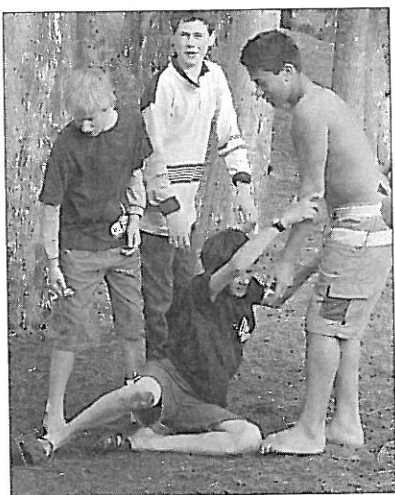

This year for our Year 9 camp we went to Te Wera at the beginning of May. Because there were five classes we were broken into two groups. 9L, 9G and 9R started out on the Monday and were then replaced by 9B and 9W on the Wednesday.

Our first activity at Te Wera (apart from sorting out our rooms) was the famous mud run. We walked down a windy track to find ourselves at a muddy bog. There we did a lap of the course, then played capture the flag in the rather warm, smelly and somewhat suspicious looking mud.

Next we did a stream study for our science classes with Graeme from the Department of Conservation. He taught us about small aquatic creatures living in fresh water streams. Graeme then taught us how to catch these small creatures and sent us on a mission to catch them and categorically arrange them. We used sieve like instruments to detain the creatures. After that was free time, tea time, nightline, bed time.

The next day we were split into groups to do team building activities eg: Assault wall, balance

platform and the Web. Then after morning tea (thanks to the parents for the baking!) it was off to the flying fox and the waterslide, which resembled a gravel road! Then later that afternoon was

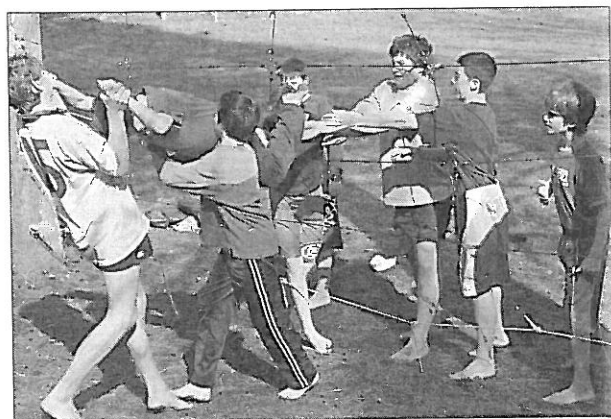

orienteering, which some people were better at than others. This was followed by a fierce game of rugby with even the teachers joining in!

The night activities we did were the nightline and capture the flag. The nightline was a walk up a steep, muddy hill in the dark and we had to hold onto a rope to get up. This was led by Mr. Simpson, who fell into the water while trying to warn us about it! Capture the flag was another great night game organised by Mr. Simpson. The final activity was a relay, which was hotly contested and very tiring.

On behalf of Yr. 9 we would like to thank Mrs Donaldson and Mr Simpson for organising the wonderful camp for us. We would also like to say a big thank you to all the teachers who came, and all the people in the kitchen who fed us everyday, especially Mrs. Poole who stayed out the whole week with Mrs Donaldson and Mr Simpson. Last but not least we would like to thank all the parents who generously gave up their time to come with us, and without them we would not have been able to go.

Te Wera was a wonderful experience enjoyed by all and we hope the future Year 9's enjoy it as much as we did.

## ADVENTURE CHALLENGE WEEK

During the April holidays I was selected to attend the first ever Adventure Challenge Week to be run by the Royal New Zealand Navy. It was held at the national base, HMNZS Philomel, in Devonport. Eight senior secondary school students were each selected from five regions throughout NZ, forming an enthusiastic, young group of forty – 20 males and 20 females.

A brief kit-list was sent out that required the normal essentials before I left, but apart from that I had no idea what to expect! However I was soon quick to find out that I was in for a very exciting and challenging week. Something that immediately caused a stir around the campus, especially among the girls, was the mobile phone hand-in. The idea, along with the confiscation of other items, was to create an environment for the week which would put us out of our personal comfort zones; something that would be important if we were going to gain as much as possible from this wonderful opportunity.

Early on in the week it was quite clearly pointed out to us what exactly the Navy holds as its three core values and how these apply to everyone and everything involved. They were 'Courage, Commitment and Comradeship' – a trio of words that would help guide us through the week and give us an interesting insight into a few vital skills required in the Navy – those of leadership, teamwork and discipline.

Among the many briefings and exciting demonstrations on the various career paths offered there, some of the activities we experienced included:

- A leap off the back of a full-size warship in our overalls and shoes into the ocean, as part of the sea-survival skills unit that is a compulsory part of training

- An aggressive competition run on their own confidence course at their physical training base in Whangaparoa. This brought out the best teamwork of the week, as it is a physically demanding course that requires your whole team to complete the obstacle before moving on to the next one.

- Thorough visits to all the ships that were present at the dock at the time.

- A few team building games and scenarios to solve which produced some outstanding results. These evolved from the importance of task commitment and from having a healthy balance between leadership and team cooperation.

- Fitness tests and evaluations that included the ever-so famous 'beep-test'.

- A turn on their life-sized bridge simulator that is so realistic that people have actually been sea-sick.

- An interesting tour around their own Damage Control School where trainees learn how to react under different possibilities of damage on board.

- A very physical demonstration from the Navy's own arms squad that included both a thrilling firing range show and a combat skills display.

- And finally we witnessed the first-year sailors' graduation parade – a mix of discipline, accurate skill and some fantastic teamwork.

The week allowed me to meet some outstanding leaders from NZ and we all were able to learn a considerable amount and enjoy a decent taste of what life is like in the Navy. I recommend very highly that any chance to have a go at something like this be taken if you seek a little adventure and a bit of a challenge. It certainly was a memorable week and I would like to thank all those who made this golden opportunity possible for me.

Matthew Warner

## LIBRARY REPORT

## News From the Library

This year our library focus has been on literacy for the reluctant readers of our school community. To achieve this we have been purchasing many high-interest, low vocabulary books. This incentive has been integrated with the Intermediate Department's aim to lift literacy skills amongst the boys.

Some of the series bought have been "Too Cool," which is about a boy learning new and exciting sports. "Horrible Histories," telling you about historical times (all the unmentionable bits), books by Anthony Horowitz, which are good adventure stories and "Captain Underpants," a humorous adventure series, plus many more.

The senior boys have not been forgotten.

We provided them with a comprehensive reading list for NCEA level 2 reading. Books they had read came from the following criteria: 20<sup>th</sup> century novels, autobiographies, New Zealand fiction, non-fiction and magazine articles. This provided a challenge for some, as many of the books didn't fit their personal preference on size of print, number of pages and personal

interest. Popular books were 'Follow the Rabbit-proof Fence' by Doris Pilkington, 'A Child Called It' by Dave Pelzer, books by Lance Armstrong and any other sport biography. Novels by John Grisham, Michael Crichton, Barry Crump and Bryce Courtney were also popular.

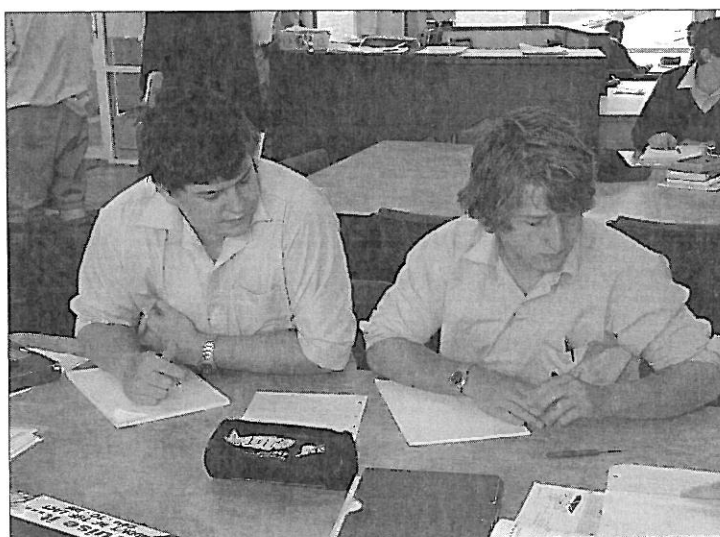

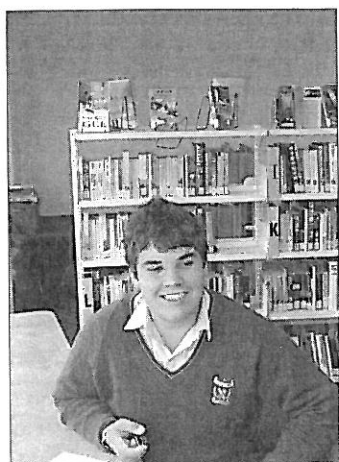

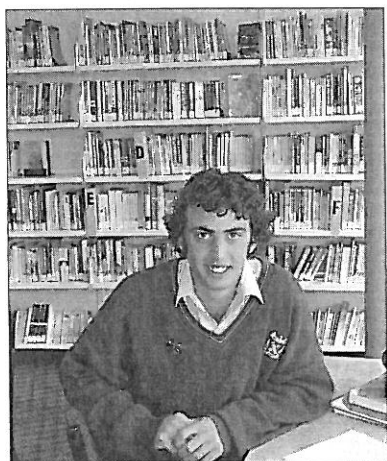

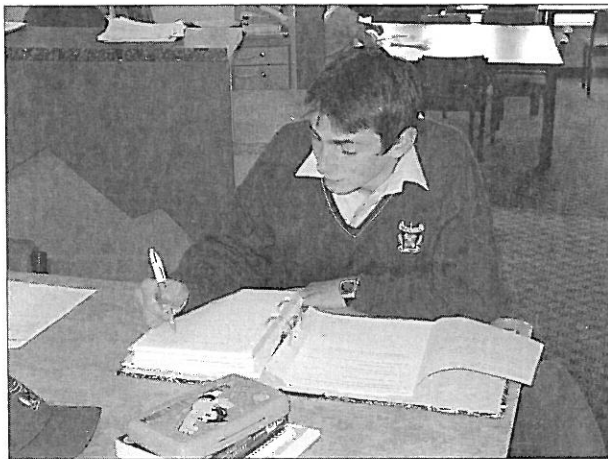

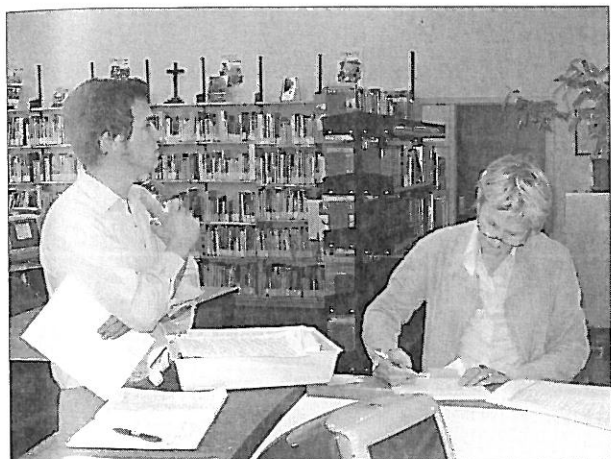

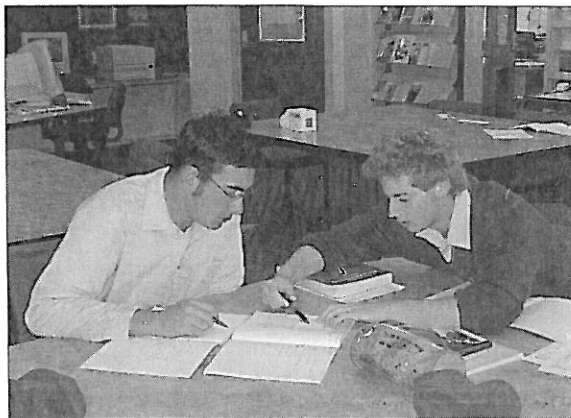

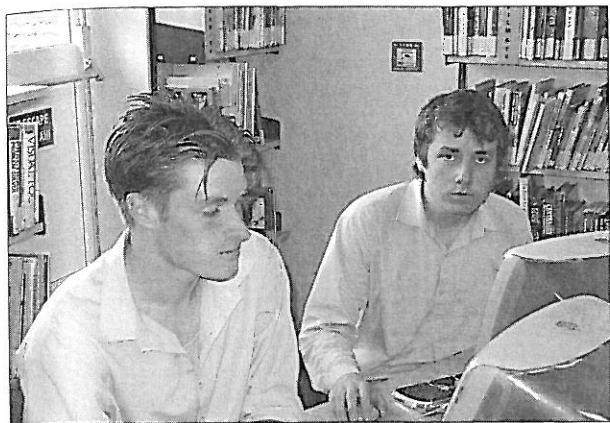

It has been an extremely busy year for the library. The acquisition of books has kept us busy cataloguing 600 books. Research topics have been varied and interesting, which has given us opportunities to assist boys in their debates, speeches and assignments.

The generous spirit of Mrs Jean Thorne's contribution to the library in a voluntary capacity is greatly appreciated; Mrs Suzette Stephens and myself have enjoyed her company throughout the year. We have also benefitted from the weekly visit by Mrs Margaret Wright who has assisted us with book covering and book maintenance.

We take this opportunity to thank the boys for using the library and making our job enjoyable. We wish you all a great holiday.

Librarians

# LIBRARY REPORT

## SCHOOL LEADERS' FORUM

On the 4th of July we began our school leaders' forum, which opened up a great opportunity to meet some amazing people from around the country. It was situated in Wellington, a city foreign to two Inglewood teenagers. This forum challenged us in many ways and helped to develop our leadership potential within the college.

On day one we woke up and got into action straight away with a few simple activities. Characters soon developed and relationships evolved. Throughout the forum these icebreakers provided us with entertainment and gave us the insight into who the students around us really were. This contributed to what was an enthusiastic atmosphere.

We were exposed to many influential people including our eight guest speakers who each presented their lessons on life. They all came from different backgrounds and all experienced intervening obstacles. None was more inspirational than Malcolm Cox who told us "there was no excuse to lose!" Being a 'successful' money driven man throughout his youth Malcolm developed a rare hereditary disease that caused complete blindness. However, Malcolm truly discovered himself in this time of strife and chose to keep going in life. No challenge was too difficult for him. This incredible man left a room full of teenagers believing that nothing should hold them back from what they really want to do.

While the speakers created a great feeling towards the forum the true power was within the select group of 70 students whom we shared the experience with. Like the speakers we all came from different backgrounds and were all keen to express a part of ourselves. The scene was set around 68 Year 13 students whom we gained immense respect for. They all were

incredibly gifted teenage leaders who had leadership roles within their colleges. This created intense, heated and educated debates, which occurred in group discussions after each speaker. One of our assigned tasks during the four-day journey was our own creation of a formal dinner. This involved organising to get a guest speaker within 24 hours and make the night unforgettable. We were lucky enough to get Ewan Chatfield, a former New Zealand fast bowler who gave us an overview of his cricketing life which, to the surprise of many hasn't stopped. It was a fantastic night as it also featured Freddy Fittler's fairytale finish.

The undisputed champion event was the contribution from the New Zealand Army. They provided physical and mental challenges to push teams to the limit. Team work was essential as individual effort was not recognised. Roles needed to be changed frequently as new leaders stepped into the activities where they felt most comfortable. Being a follower, sitting back and listening to others points of view was also a required skill for the desired outcome. It was important that everyone voiced their opinions. As all mindsets were confident this was generally not a problem.

The objectives of the New Leaders' Foundation were clear. They aimed to focus on secondary school student leaders and assist in making participants aware of the many leadership tools available to them. The New Leaders' Forum was fully funded, which gave an equal opportunity for a wide range of students throughout New Zealand. We were truly privileged to be part of this event and recommend it to any students who have the honour of being selected. Thanks also to Mrs Margaret Milne who presented the opportunity to us.

Andrew Coulton and Scott Jackson

## MODEL UNITED NATIONS

**Goal One:** The Freedom From Want

### The Departure

Without quite knowing what to expect, the FDMC representatives for the 2004 Model United Nations arrived at the New Plymouth bus shelter one morning, early in the July holidays.

As we got on the bus, we said goodbye to our parents and to Taranaki and headed to Wellington on our diplomatic mission.

### The Arrival

After a 7 hour bus trip during which FDMC dominated the back half of the bus and a walk

through central Wellington, bags and all, we arrived at our accommodation: Weir house. This was ideally suited for us, with good rooms, decent feeds, a table tennis table and a rugby field nearby. There was huge excitement in the camp and everyone was looking forward to the days to come.

### The Transformation

We wouldn't be normal students for much longer. The next day we became the honourable delegates from El Salvador, France, Greece, Indonesia, Jamaica, Japan, Nepal, Poland, and ... The Gambia (of all places). Looking very smart indeed in our blazers we headed to the Duxton for the start of the conference.

### The Opening

The opening ceremony was held at Parliament, and the 200 students were given talks by some inspiring speakers including Helen Clark (but to some of the groups disappointment, not Don Brash) and the rest of day one was spent introducing the topic **Goal One: The Freedom From Want**. This topic would be the focus of the conference over the days to come. We had dinner with others from the region we were representing.

### The Conference

On the next day we were divided into our separate committees and debated issues from the point of view of our country. This was a fantastic experience and everyone got passionately involved in the topic. Many amendments were made and points of order called. That night was the MUN ball, and everyone enjoyed that.

Day two was the general assembly, where all 200+ delegates gathered in one room to debate at the same time. This was incredible. Notes were passed between delegates (for purely diplomatic reasons, of course) and some of us got up to speak.

### The Aftermath

After an eventful final evening (and early next morning) we all got up in time for the bus and returned to normal life in New Plymouth.

**The Delegates:** Matthew Bloomfield, Joe Bradley, Reuben Costello, David Joines, Matthew Kissick, Brock Roberts, Nick Sidler, Matthew Warner and Zenek Zurakowski would like to thank the college for this fantastic opportunity

## MOOTING COMPETITION

Earlier this year three year 13 students, Chip McCabe, Daniel Burkett and Thomas Walsh were the first F.D.M.C. team to be entered in the Waikato University Law Mooting Competition in the history of the college. The event saw teams from secondary schools throughout New Zealand pitted against each other in arguing important points of the law.

Each team was given a case which they had to study and have background knowledge on. Teams were also given an official rule book which stated most of the rules that are present while in a court room situation. This was one of the hardest things to get used to as the team were used to debating rules which were in some parts completely different.

Probably the hardest aspect of mooting is the way in which the judge can interrupt at any time during a speaker's delivery and ask a series of questions relating to the case. This took a lot of quick thinking on the spot in order to persuade

the judge into thinking your case was valid. Judges varied from being ruthless and very strict to calm and moderate. Lucky for us we had a calm one.

The event was a real eye opener for the three students considering law as a career and gave each of them an opportunity to strut their stuff in front of a real law professional. The team mooted their law case against the previous year's runner-up team; Hillcrest High and unfortunately were unable to make it onto the next round.

The team highly recommends the Mooting event to any student interested in law. Although the event itself is a challenge and takes some work it is a fantastic experience and the first step towards a law career.

Chip McCabe and Daniel Burkett.

## SPECIAL AWARDS YEAR 7 & 8 2003

Junior Literary Excellence	Cameron O'Sullivan
John George Cup for Junior Sportsman	Brent Stevenson

## DUX

Daniel Burkett is the Dux for 2004. Daniel has attended FDMC since 1998 when he entered the school as a Year Seven student.

This year Daniel has studied Mathematics with Calculus, Mathematics with Statistics, Physics, English and History.

As well as the Dux award, Daniel was awarded first place in all five of his subjects, a prize for drama, first in the writing competition and a Vertical Form Leadership Award.

In 2005 he intends to study theatre and law (majoring in criminal law) at Victoria University.

While at school this year, Daniel has also been involved in Stage Challenge, drama, the mooting competition at Waikato University, oratory at O'Shea Shield and organising the Showcase.

When asked to reflect on his time at Francis Douglas, Daniel says he struggles to isolate one particular event. "It's been the whole seven years – coming in as a little guy and then growing up. Mrs Alexander, for example, who was my homeroom teacher in form one, is still here and still says 'hi'. The students above and below you are all like one big family."

## PROXIME ACCESSIT

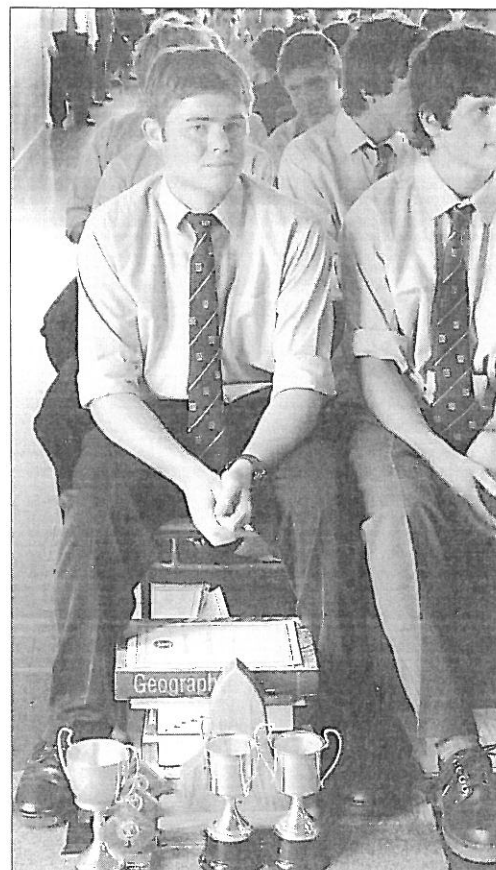

Jeremy Adams is Proxime Accessit for 2004. Jeremy began his time at FDMC halfway through Year Nine in 2000.

In Year 13, he has studied Physics, Biology, Chemistry, Mathematics with Statistics and Mathematics with Calculus. He was also awarded the Shell Todd Oil Services trophy for senior Science and a prize for contribution to Science in the school.

In 2005, Jeremy plans to attend Auckland University and study engineering with an interest in chemical engineering.

Jeremy has also participated in the Science Fair, Australian Maths and Science competitions and played rugby for the 4<sup>th</sup> XV.

The aspect of FDMC Jeremy has enjoyed most has been the atmosphere. "It's a whole community," he says. "Everyone comes together to help each other out. It's really supportive and you make good mates."

## TERMINAL

The boy's ghostly reflection stared back at him from the plate glass window.

Outside, the beasts lay silently in the cold night air. Shivering men in earmuffs and bright orange vests breathed thick clouds of steam as they scurried amongst the sleeping griffins.

David envied them. To him it was so much frostier inside.

The grey walls and steel railings of the terminal gave no warmth or comfort. The entire complex was one cold, cavernous machine, indifferent and oblivious. He was being grinded through a never-ending maze of cogs and gears as he paced the bright blue turf. All around him people hurried to and fro, each with their own all-important agenda. David kept as close to the wall as possible.

He was searching vainly for a quiet place to rest his legs, some bastion of tranquillity to escape to. But there were no empty seats in the terminal. Most had been taken by grave old men, the rest by jaded women gripping the wrists of screaming toddlers.

There was no place for him.

Even the homely aroma of roasting coffee beans from the café wasn't enough to warm his heart. The people seated there were no more than lifeless billboards dressed in suits. Sombre cardboard cut-outs bent at waist and knees; a briefcase at their feet, a phone at their ear.

David turned his attention to the passengers being disgorged through the nearest gate. Two teenage girls passed him by. He tried to make eye-contact, to catch a glimpse of humanity in this alien environment but their steel-hard faces betrayed no emotion.

They too were part of this strange engine - mindless cogs in a pointless production line.

David sped up. The sooner he could be rid of this place, the better. He looked to the brightly lit posters adorning the walls either side of him. Beautiful, flawless faces smiled back at him, perfectly manicured hands clasping bottles of perfume and tubes of toothpaste.

The *real* world.

A shiver ran up his spine. He couldn't wait to be home.

Daniel Burkett  
Winner of Daily News Literary Award

## *Karma – by Brock Roberts Year 12*

Waste not want not  
want not waste not.

Why waste a word of harsh domain  
on those, who from it, stand nothing to  
gain?

A snigger, a sneer, an awful scowl,  
one must ignore it, though intentions foul.

A weird and abstract point of view  
forever enables them to penetrate you.

There is no hope, nor second take  
these people are plastic, completely fake.  
Destined for dungeons and boring desk  
jobs,  
there will be no princess to rescue these  
frogs.

Stuck fast in the swamp of self decay,  
we toss them a smile, off on our way.  
Their present state reflects the past.  
Thank goodness, you sigh, revenge at  
last.

Nothing can be said, nor felt, nor done,  
life's judged not by the ending  
but rather how you begun.

## AN AUTUMN DAY

The soft fluffy clouds swayed with the autumn breeze across  
the deep blue sky.

I lay in the cold moist grass listening to what autumn has to say.

Feeling the crunching of the dead leaves beneath my feet. I see the  
faded green to yellow on the leaves blow in the breeze.

The birds are complaining about the scarce amount of food. The  
insects chant away in their homes.

My page is flipping out of control. When did summer end?

by Cameron Ryan  
Year 7

## MY ROLLER COASTER RIDE

"AAAHH!" I could hear the yells of excitement from the roller coaster fans. "I wish I was as brave as them," I thought. There was a massive roller coaster swirling and rising all around me. The trees were swaying in the wind and I could see the Rainbows End sign in the distance glowing in heaps of bright colours.

As I walked up to the ticket box, my palms were sweating, and my knees were weak. I was nervous but anxious and excited at the same time. I could barely talk to my dad who was going on the roller coaster with me.

Dad and I climbed into the roller coaster train and put the harness over me. "The harness is loose dad," I said. "Don't worry," said dad "They haven't buckled it down yet."

Suddenly the car jolted forward and I was slowly getting faster and faster, speeding down the hill. Then there was a huge drop and I zoomed through the Loop the Loop and round the Corkscrew and into the Station.

I climbed out of the car and felt so proud of myself. It was the most exciting thing I have ever done and I rode on it four more times after that first, most exciting ride.

by Simon Gray  
Year 7

## NICE STRIKE

The sky was clear that night as we set off hunting, the moon giving us perfect lighting as if a giant torch was shining above us. There was a cold chill in the air with a light breeze. Conditions were superb!

We left on foot, tramping through my cousins farmlet.

"Look, there," whispered my Uncle spotting a rabbit like an eagle. He lined up his twenty-two on a fence post. The rabbit stood still frozen.

Then it all happened at once. The rabbit was penetrated by the whizzing bullet through his hind legs and I was being shoved under a fence and demanded to hit it with a stick before it crawled away. There I was, charging like a barbarian at a defenceless rabbit. I gave it a good thump on the head and everything went silent, with the rabbit lying dead in the middle of the field.

"Nice strike!" screamed my cousin. "Now we can use it for dog tucker."  
"Sweet," I exclaimed!

by Crighton Rangiwananga  
Year 7B

## 50 METRE FREESTYLE

by Nicholas Stachurski

"Nicholas Stachurski" said Mr Morath loudly over the hooting and yelling of the four houses Loreto, Benildus, La Salle and Solomon.

Nervously I stepped up to the chair ready to do whatever it takes to win this thing for Loreto. BANG!!! the race before mine started. I thought it was my race but luckily I was wrong. I stepped on to the starting block, heart in my mouth, ready to swim the fifty metres of freestyle.

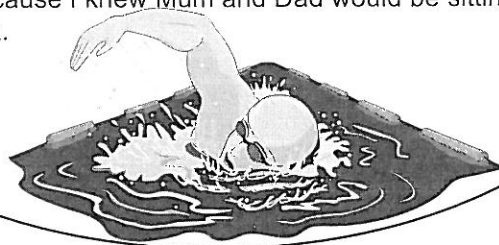

"Take your mark," shouted the starter. This is it I thought.

BANG!!! blasted the gun. I wanted to get a good start and I did. SMACK!!! I hit the water with a splash from the big dive and I was looking for a good lead. The dive was good; too bad the water was head explodingly cold!

The important lead I was looking for was looking grim, but suddenly no-one was in sight! I was either really first or really last, the finish line was in sight but the other racers still weren't.

I was wondering if I had gone too early but no way! I reached the finish line to find that I had thrashed everyone by 8 metres! The helpers handed me a block with 1 on it.

I smiled because I knew Mum and Dad would be sitting up there on the bank.

## PIG HUNTING by Thomas Connolly Year 7

I'm in the bush and I can see pig rootings. There's rotten smells and noises.

Suddenly a huge pig runs out of the bush and I lift up the gun. Too late! Run for your life, jump up that tree. BOOM! Uncle's shot him.

The pig had huge tusks and was grinding his teeth. I watched from up the tree.

We try to carry him. "Ow he's heavy, 150 pounds do you reckon?"

"Yep, shall we gut him?"

"Yep, that will make him lighter. Chops for tea?"

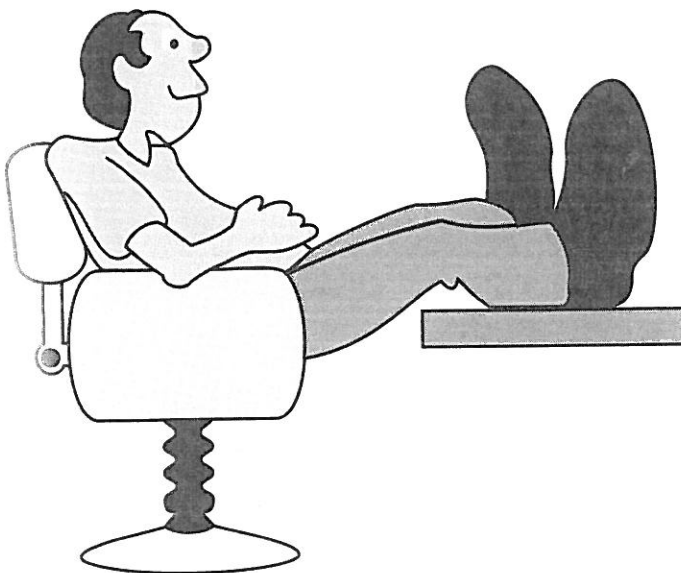

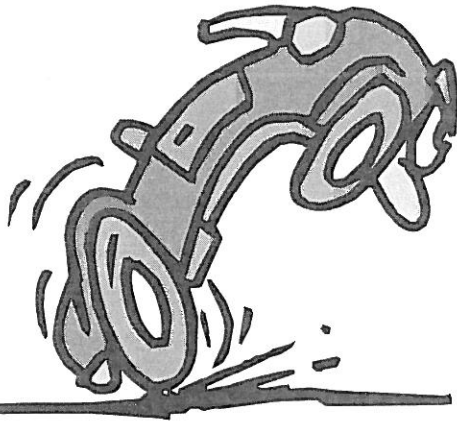

**KARTING** by Jonathan Morgan

My foot is flat down on the throttle and my tensed hands grip the steering wheel.

As I approach the 'S' bends my brother out powers me. He smiles in his helmet as he looks at me. I can smell Thomas's brakes as he slows down to turn in. Now's my chance, I increase my speed. I go up the inside then smack! Spun around by Thomas I hit the tyre wall.

I knew I would regret that move and trust me I did.

**Contentment**  
by Daniel Burkett

He slouches in his armchair, an epitome of inertia.

The TV's on,  
But he's as oblivious to it  
As he is the world around him.

In one grubby hand he clasps  
his  
Can of over-priced soft drink.  
In the other, a half-eaten bag  
Of salt-laden potato chips.

His greasy face is emotionless,  
An adornment of scarlet  
And a smattering of crumbs  
The only breaks in his mask of  
indifference.

Somewhere in his room lie his  
schoolbooks.  
The maths assignment due last  
week,  
The English homework  
Now more than a month  
overdue...

The rank odour of old socks  
Drifts listlessly from his hovel.  
Clothes strewn across the floor,  
The bed unmade.

The lawn needs mowing,  
The car needs washing,  
His mum could really use some  
help with the dishes,  
But he doesn't care...

*He's content.*

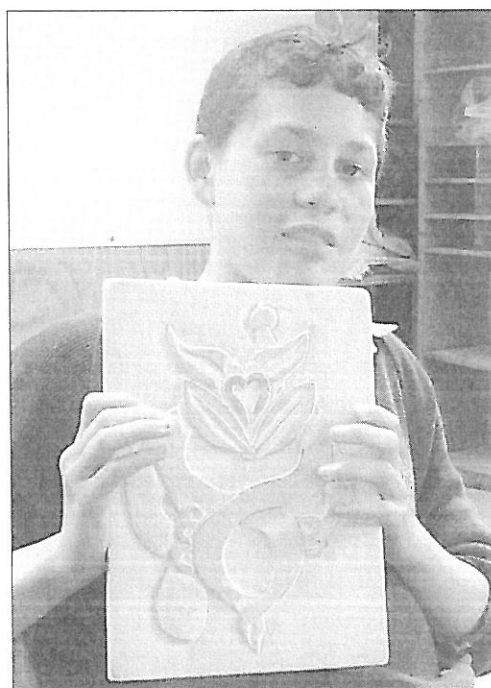

## ***THE ACCIDENT by Ciaran King Year 7***

I stood there, solid as a rock, waiting. Waiting for the moment the ball would be hit, and then it happened, an almighty whack as the small dimpled hockey ball came plummeting through the air right towards my face.

I had only a split second to react. I turned my head away from the ball just in time, for no sooner had I done this than I felt the meteor of hard white plastic collide with my lower jaw. I stumbled backwards and then hit the ground with a thud. I lay there on the turf, not moving a muscle. Suddenly my eyes snapped shut. I lay unconscious for several hours.

After some time my eyes slowly edged open. I noticed my T-shirt had become sopping wet and a large crowd gathered around me. I noticed an ambulance man kneeling at my side. I was taken in an ambulance back to New Plymouth Base Hospital where I was kept overnight to be evaluated.

In the morning the nurse came to me and said, "Your Mum is here to take you home." I was glad to see her and was even gladder when she said I could keep playing hockey. She was right. I did keep playing and loving it. I'm just glad luck was on my side.

# YEAR REPORTS AND CLASS PHOTOS

## YEAR 7 & 8 REPORT

### YEAR 7 & 8 REPORT

As we near the end of the year we look back on our intermediate years and all the great memories.

I think every boy in the college remembers the day he walked up that drive as a little Year 7 surrounded by hoards of big hairy smelly older boys. Some didn't know a single person, some already had a bunch of mates from their previous schools. All of us have come here to achieve both academically and on the sports field.

In Term One we had Athletics and Swimming Sports. The Year 7 & 8 boys always give it their all and we can see the future college swimmers. We have achieved and excelled in all sporting arenas. Top of the list was winning the Linkhorn cup for the 3<sup>rd</sup> year running. A few players made it into the reps. Our Milo Cup team finished in

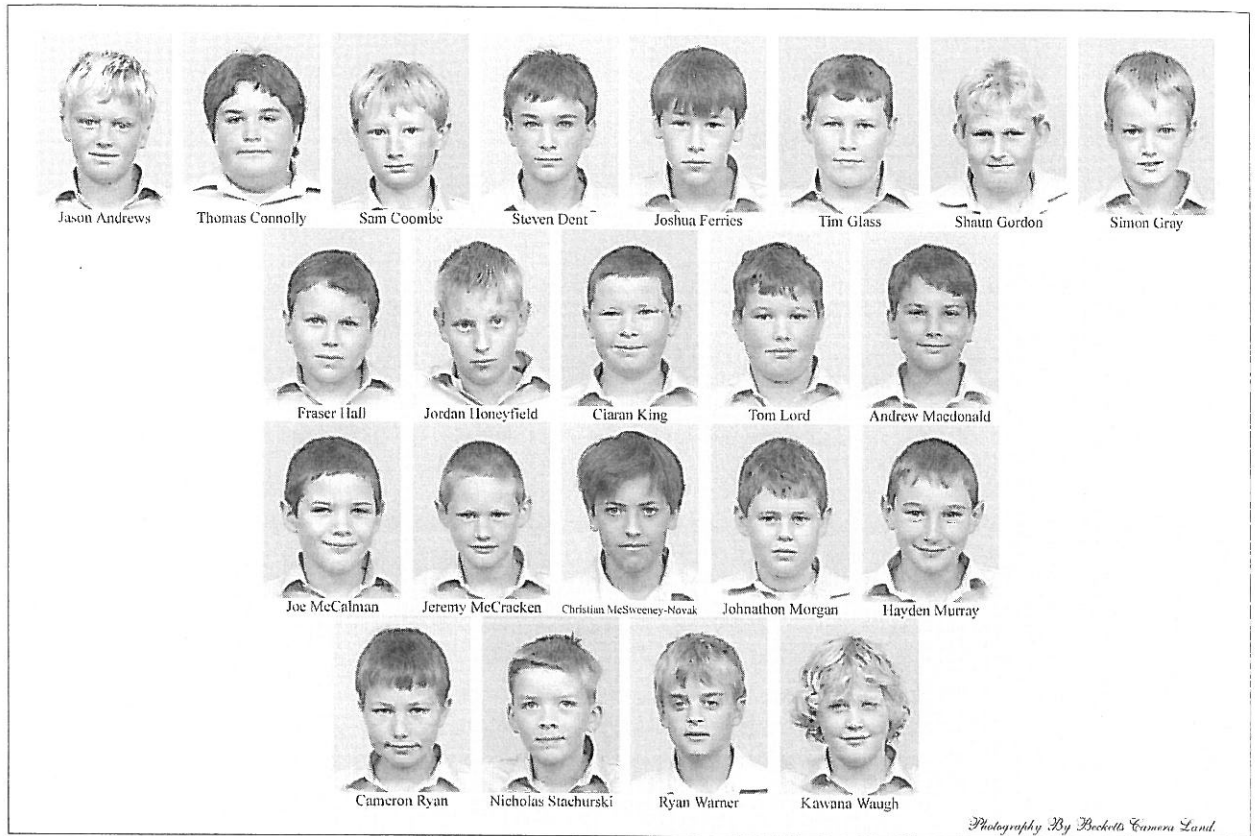

the top 16 in the National Knockout Tournament. The hockey team, for the first time in history, won the Regional Tournament.

We have the opportunity every year to enter Maths and Science quizzes and fairs, the NIE Quiz Night, technology challenge days and many other activities. FDMC teams always do well.

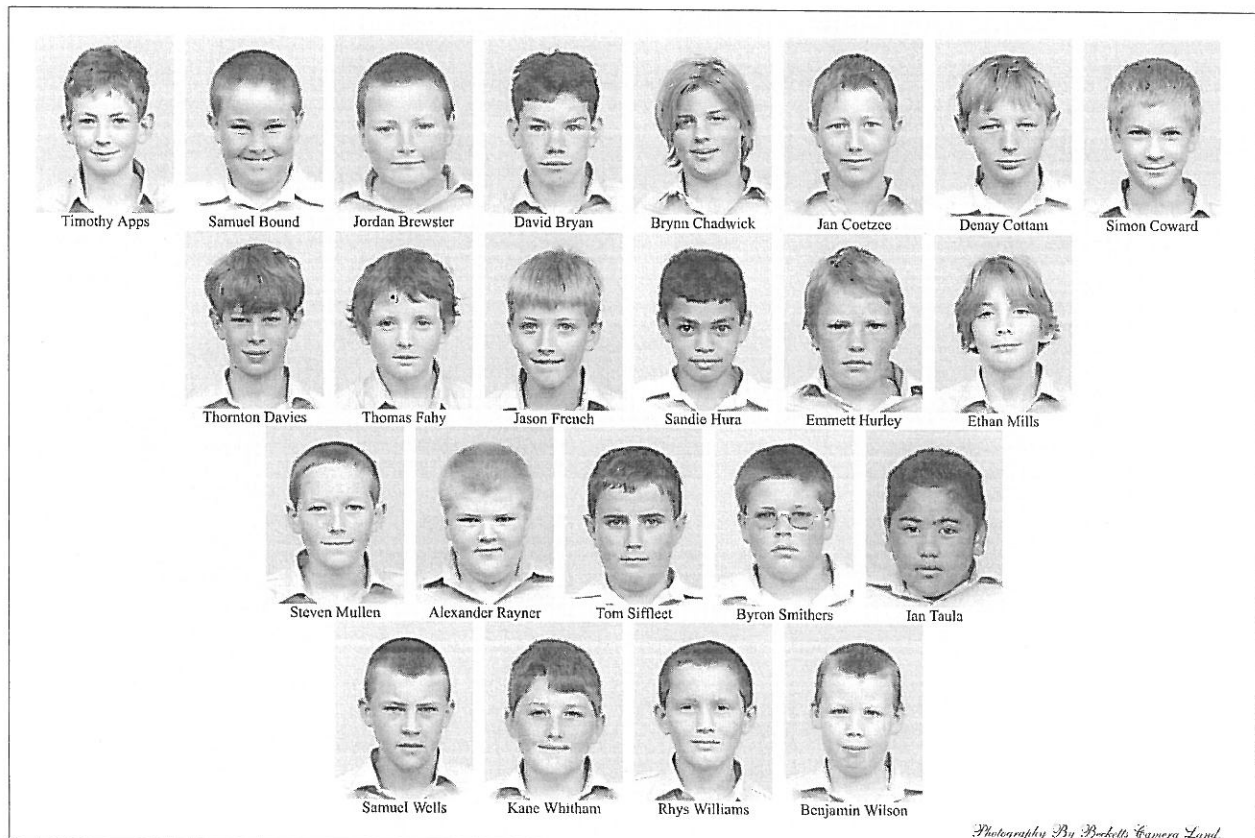

We are almost positive that at the end of the year we will have achieved most of our goals. A huge thank you to all our teachers and especially our Dean, Ms Alexander, for the help and encouragement over the past two years. We can honestly say we are ready for Year 9.

Nick Dravitzki  
Matthew Glentworth  
Paul Hawkes

## YEAR 9 REPORT

# YEAR NINE

On day one of the school year, the "old boys" came back to see lots of new faces mixing among the boys. From a newcomer's perspective it looked to be a daunting task for them to fit in, but as usual the "old boys" greeted them with open arms, showing them around and helping them find their way through the crowds of students.

But there was no time to relax. The year started off with a hiss and a roar. First were the swimming sports, in which the new Year Nines got their first taste of interhouse pride. All the boys yelled their hearts out once again in the athletic sports.

During May our year level embarked on a journey to Te Wera Camp, an isolated land of mud, swamplands and fun times. We were the first year nine groups to have our camp there. From mud runs, team-building exercises, learning about insects in a nearby stream, night trail walks and early morning runs with Mr Kibby strong bonds were made between the boys as friendships blossomed.

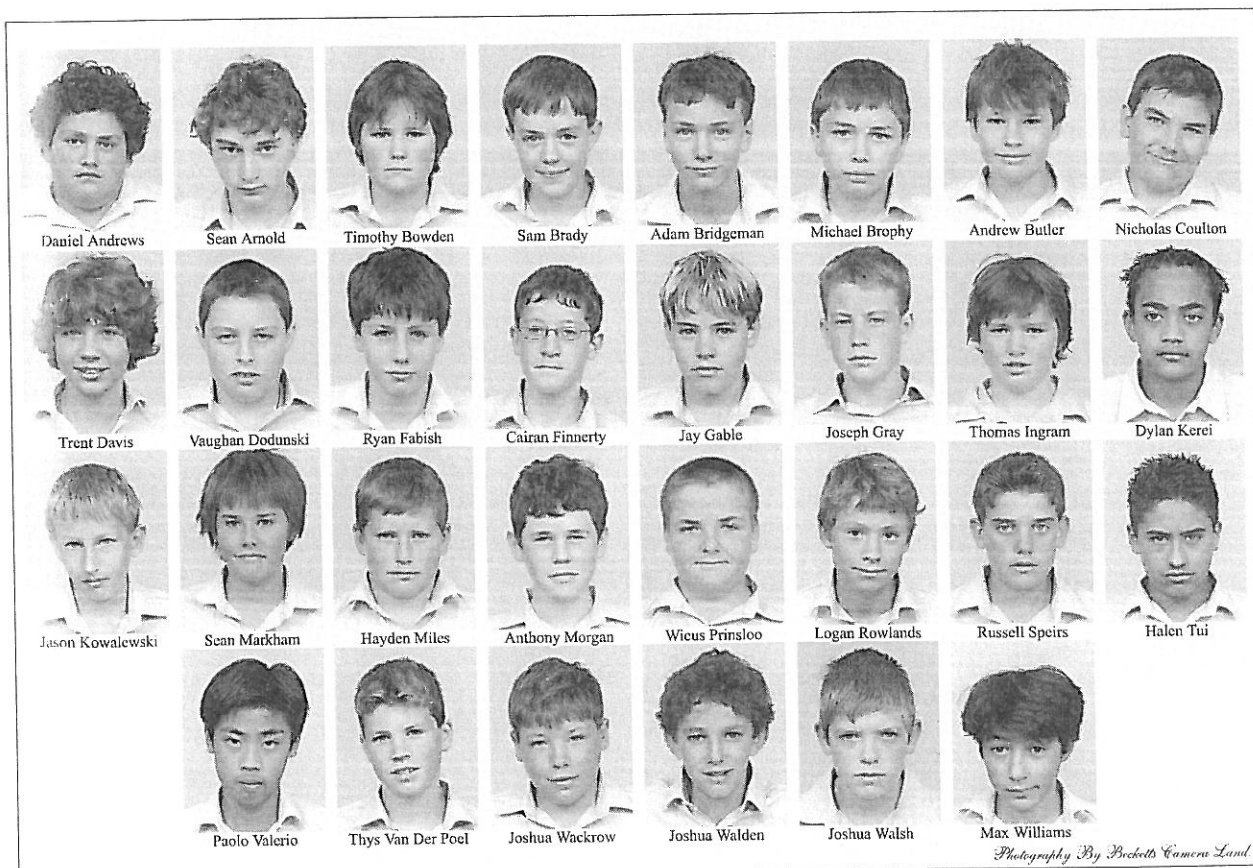

By now the new boys had long since fitted into college life comfortably. From the sporting stars, diligent doers, to the academic achievers, the year nines were certainly making their presence felt throughout the school.

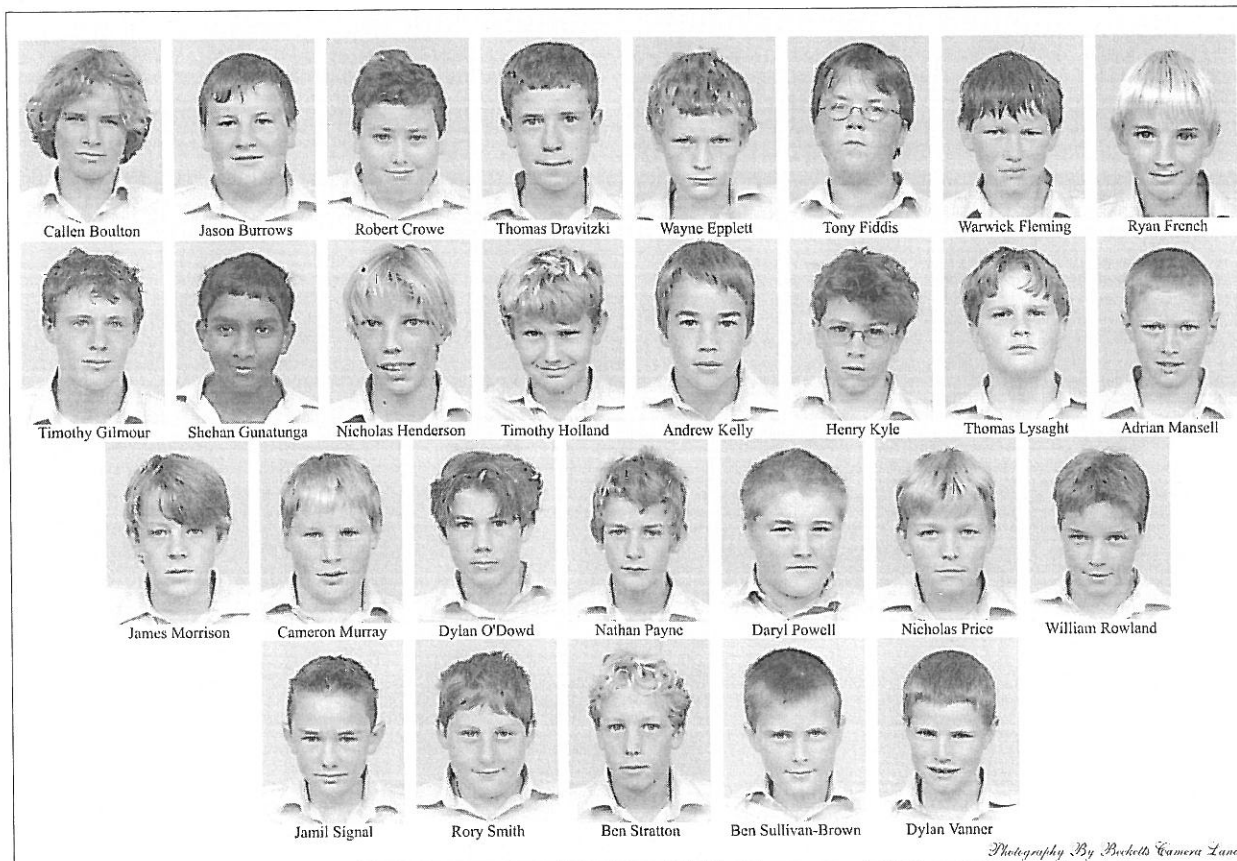

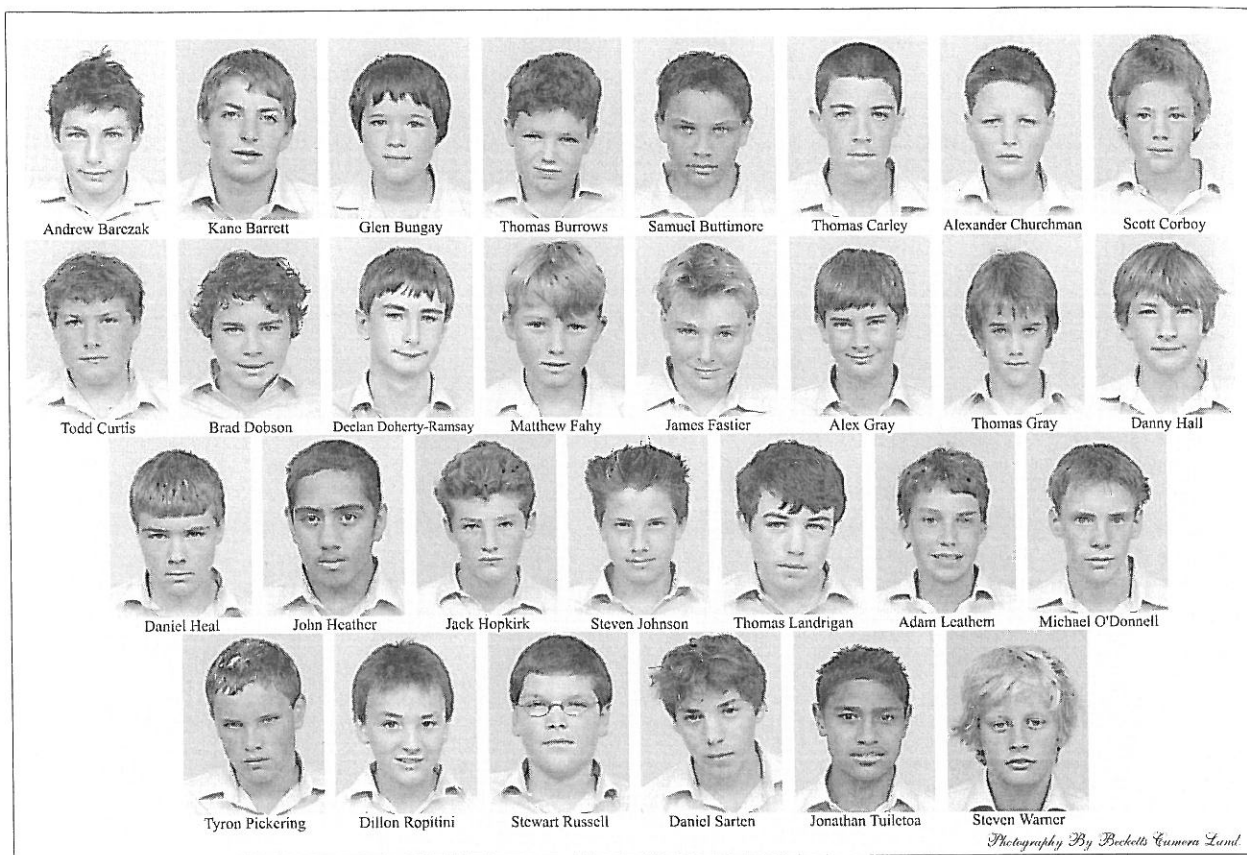

Our next big challenge was the M.A.D. (Mission Action Day) walkathon. Our aim was to raise money for the Hohola Youth Development Centre in Papua New Guinea. Every Year Nine strived to gain sponsorship. The eight kilometre walk was a tough challenge but everybody had only one goal in mind - to help those less fortunate than themselves.

Year 9 has been a wonderful time and as we move into Year 10 we will certainly be fully prepared thanks to the help of our teachers and especially the Year Nine dean Mrs Donaldson. This year has been one full of happy times and we will all take with us many fond memories. We have all made friendships that will surely last a lifetime. Year Nine was definitely a great year.

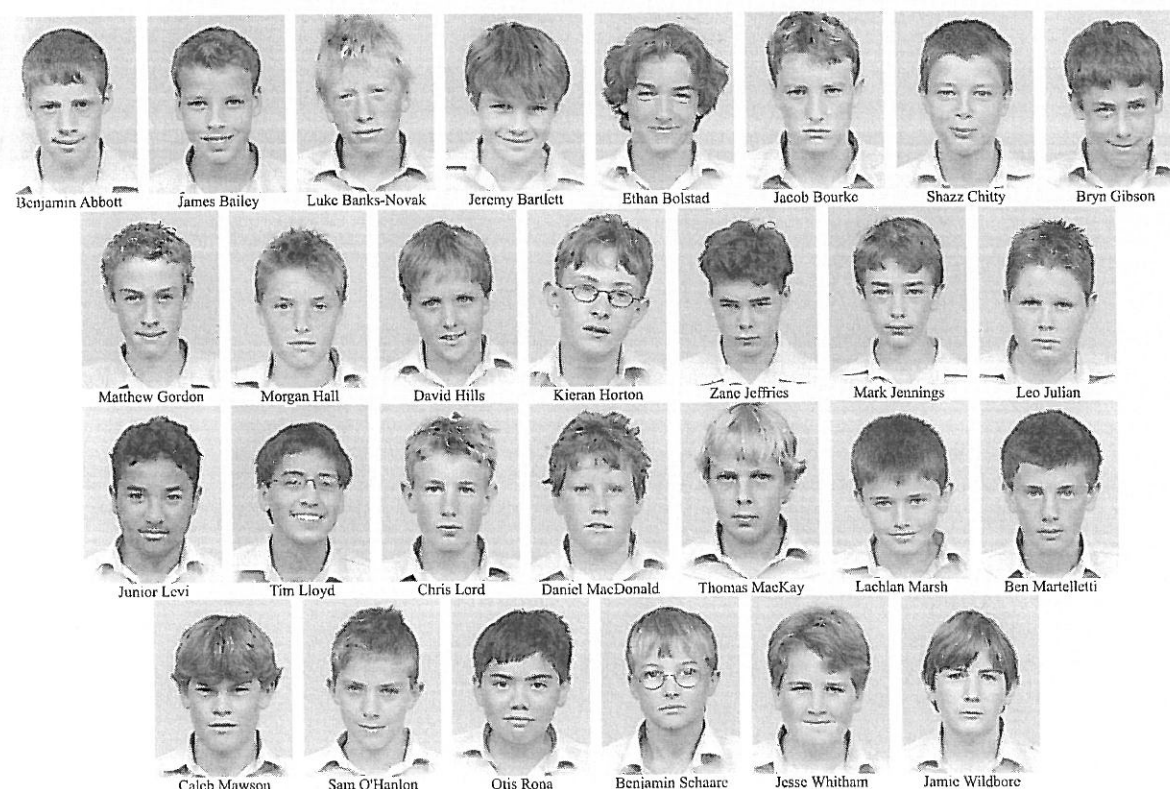

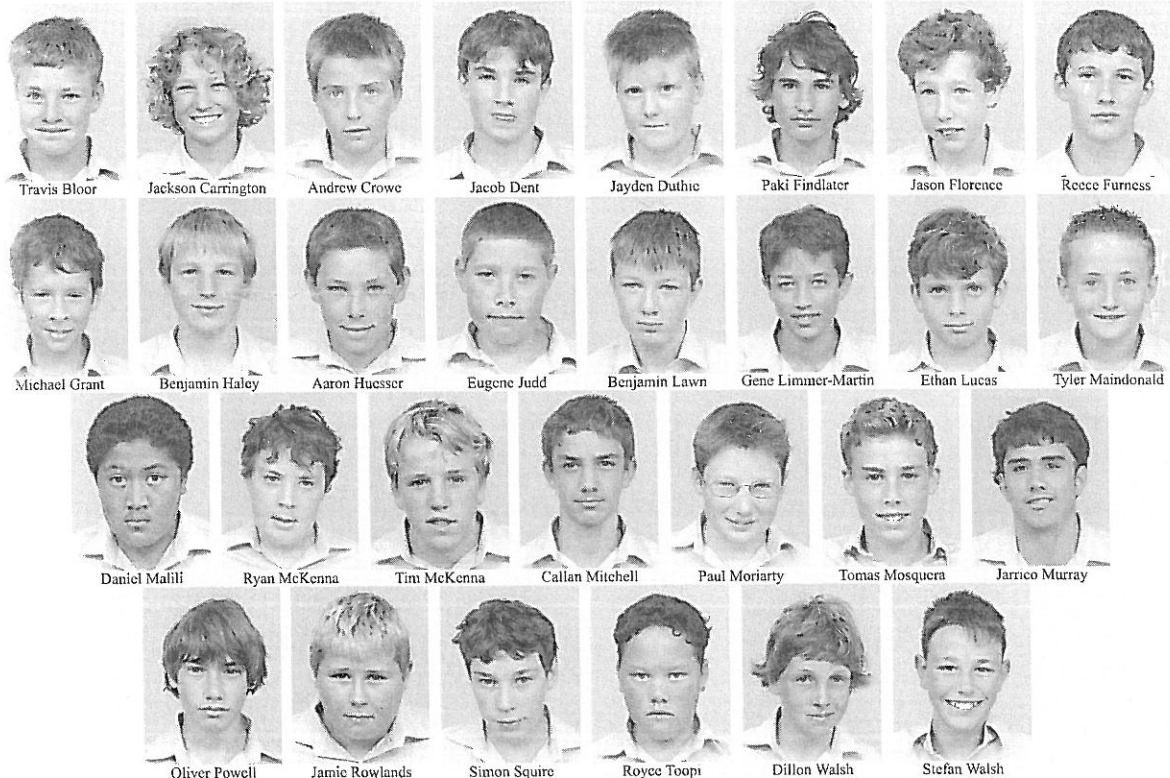

By David Hills, Scott Corboy and Caleb Mawson.

Absent: John Crowley, Tyson Edwin.

## YEAR 10 REPORT

The Year 10 class of 2004 was filled with achievements and successes on the sporting field, the cultural stage and in the classroom. Students such as Samuel Applegarth, Nick Siffleet and Matthew Eagar excelled on the basketball court, while Liam Richardson guided the Under15 side to dominance on the rugby field. Students were also superior on the cricket pitch, with Kane Hughes leading the way. Leon Lucas and Jack Burr tore up the soccer field, and represented Year 10 in the 1st XI soccer team. Our Year 10s also prevailed in athletics, volleyball, ten pin bowling, eight ball pool and cycling, showing their grit and determination in minor sports.

Through music, speech and drama and kapahaka other Year 10 boys showed great potential. Four students entered in the Trinity College music exams and another in the speech exams, all students passing with flying colours. The kapahaka group performed at the cultural showcase and in the senior prizegiving, with a large percentage of the boys coming from Year

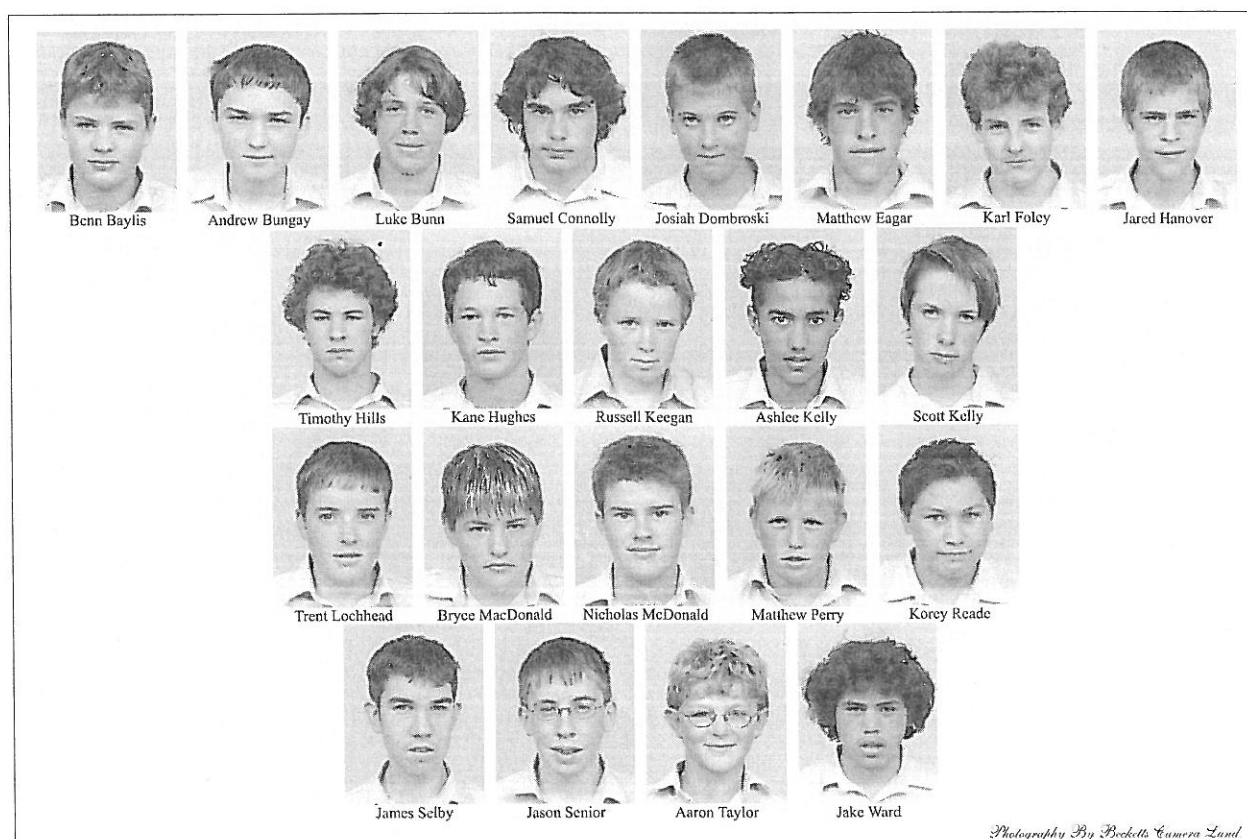

10. For the first time ever, the Francis Douglas Year 10 Science quiz team took the title from Boys' High, a marvellous achievement. Simon Velvin was a stand out in the Australian Mathematics competition, with a high distinction under his belt.

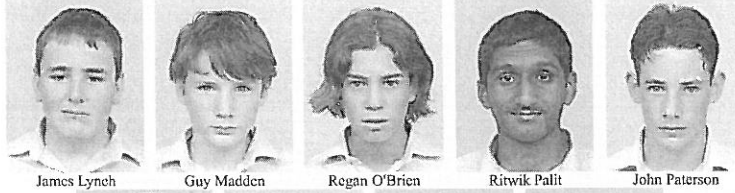

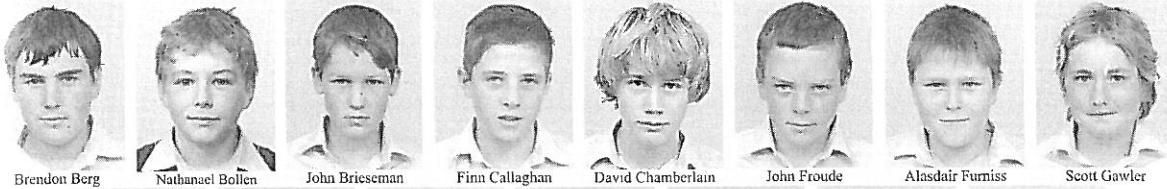

TOPEC was an enriching experience for Year 10s. The activities included rock climbing, white water rafting, and orienteering. They also stayed a night in the bush, or in a self-made snow cave. It was a week to remember.

All in all, the Year 10 class of 2004 was a great success. In the build up to NCEA exams and senior schooling this year we have learnt many valuable skills taught to us by an expert teaching staff.

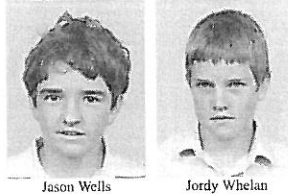

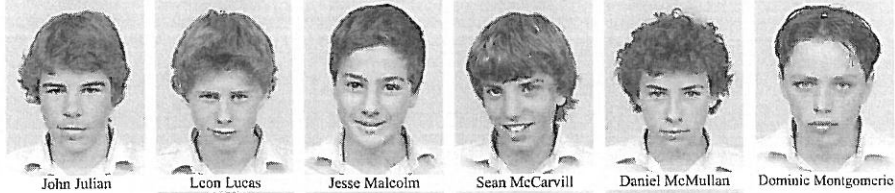

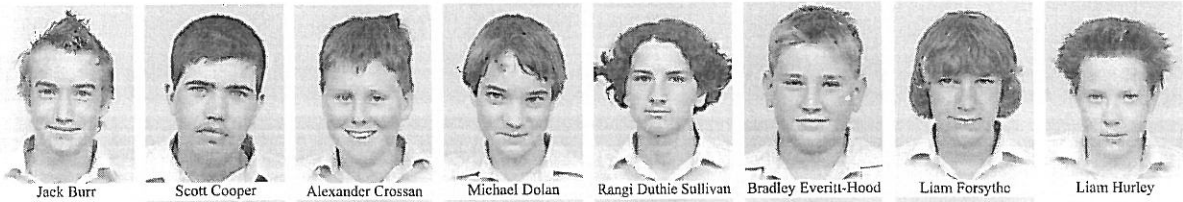

Matthew Easton, Scott Murphy and Chas Carroll

## YEAR 11 REPORT

The year began with the harsh realization that there would be no more lollies from our teachers, no more free 'research' time in the library, and no more luxury classes with Mr. Kibby. However, this is the way the cookie crumbles, and we had little option but to adjust to this new lifestyle known as NCEA Level One.

There were numerous sporting achievements throughout the year. Joseph Dravitzki, Josh Barrett and Matthew Hawkes represented the College in the cricket 1<sup>st</sup> XI. Ryan Hall, Ronshi Perera, Liam Tanner and Ashley Reader-Nokes played in the soccer 1<sup>st</sup> XI, with Ashley making the Central Districts Under 15 team. Shaun Butler, Nick Powell and Thomas Crowley played in the Senior A Basketball team. However the highlight of the year 11 sporting year was the FDMC volleyball team's 1<sup>st</sup> place in their division at the national volleyball champs. The big names of the squad were Jesse Jones, Darryl McDavitt, Thomas Crowley, Shaun Butler, Zachary Wills, Chad Smith, David Whales and Kenneth Hau. However, we were all inspired by Michael Julian's performance in the rugby 1<sup>st</sup> XV. The five minutes he spent on the field was crucial to the outcome of the match.

On a regional level, William Coulton and Brent Stevenson represented Taranaki in the Under 16 rugby team. Nick Horo, Brett Mathys and Brendon Walsh attended the national surf life saving championships, while Nathan Sole and Greg Taylor represented the College in the national swimming championships. We all had newfound respect for Des Gilmore after he competed in the national Taekwondo championships. We were later informed he was competing against girls.

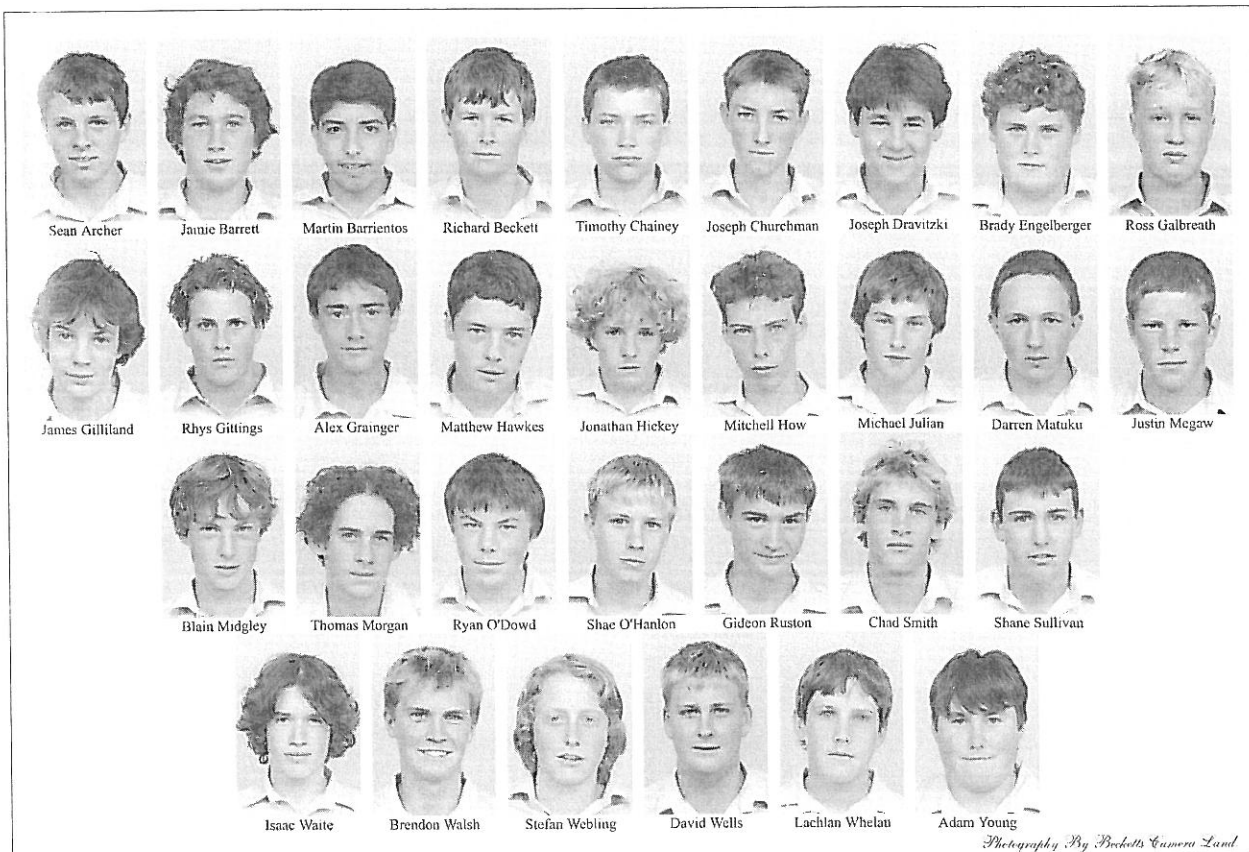

On a cultural note, Seamus Doyle and Jamie Barrett attended the O'Shea Shield competition held in Palmerston North, with Seamus reading scripture and Jamie once again proving his talent in the Drama team. David Jimenez was also named top guitarist for his age group in Taranaki in the recent competitions.

As we stepped away from our time as juniors at Francis Douglas Memorial College, we all rose to the challenge our first senior year held. Thanks to the teachers, our Dean, Mrs Simpson, and most of all, the students.

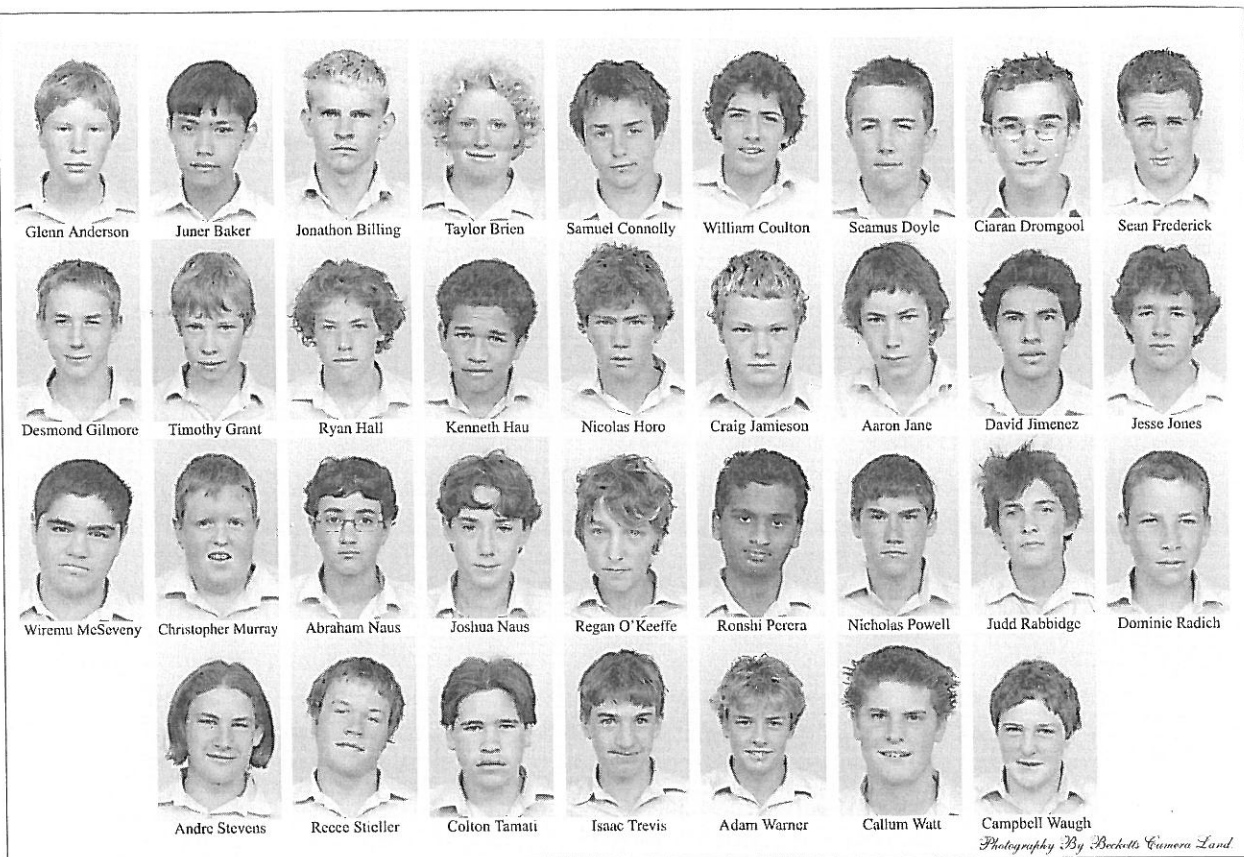

Shaun and Seamus

# YEAR ELEVEN

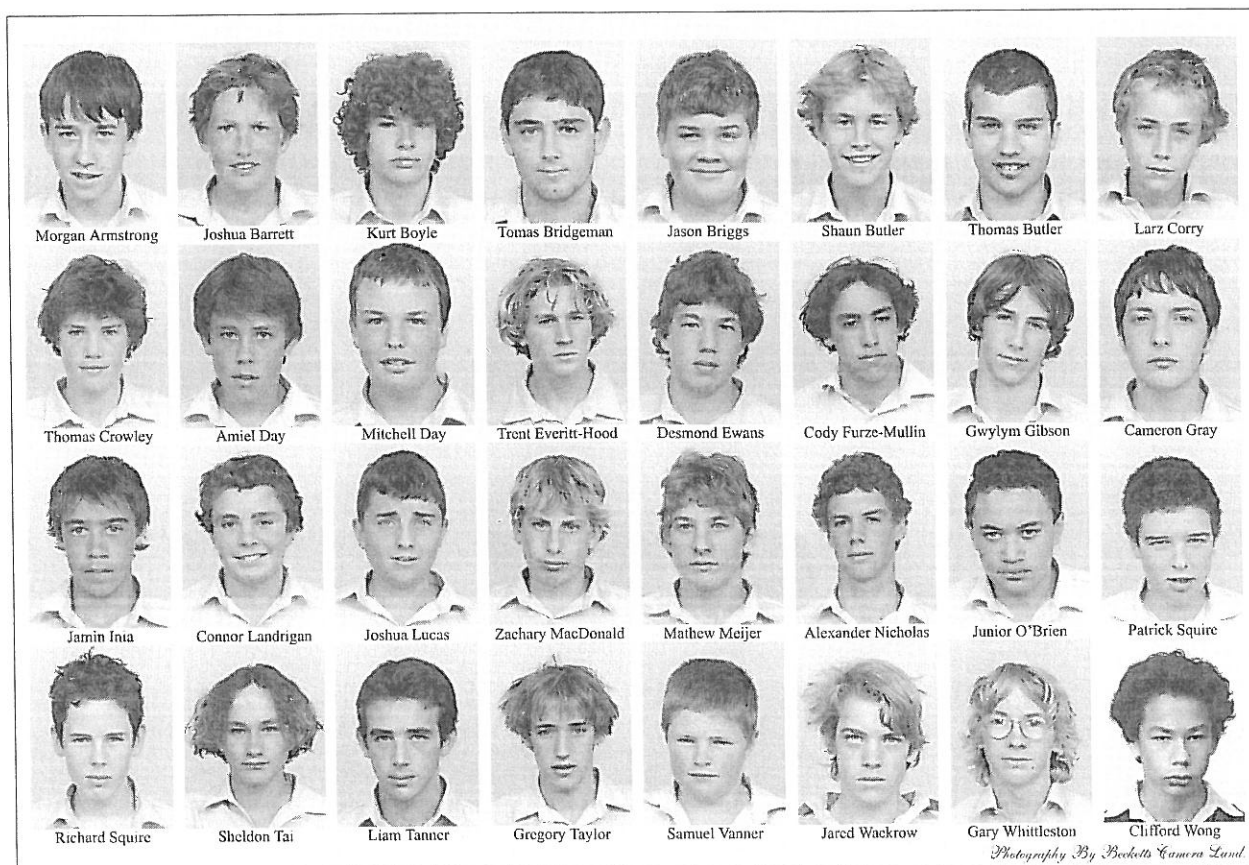

## 11 BENILDUS

## 11 LA SALLE

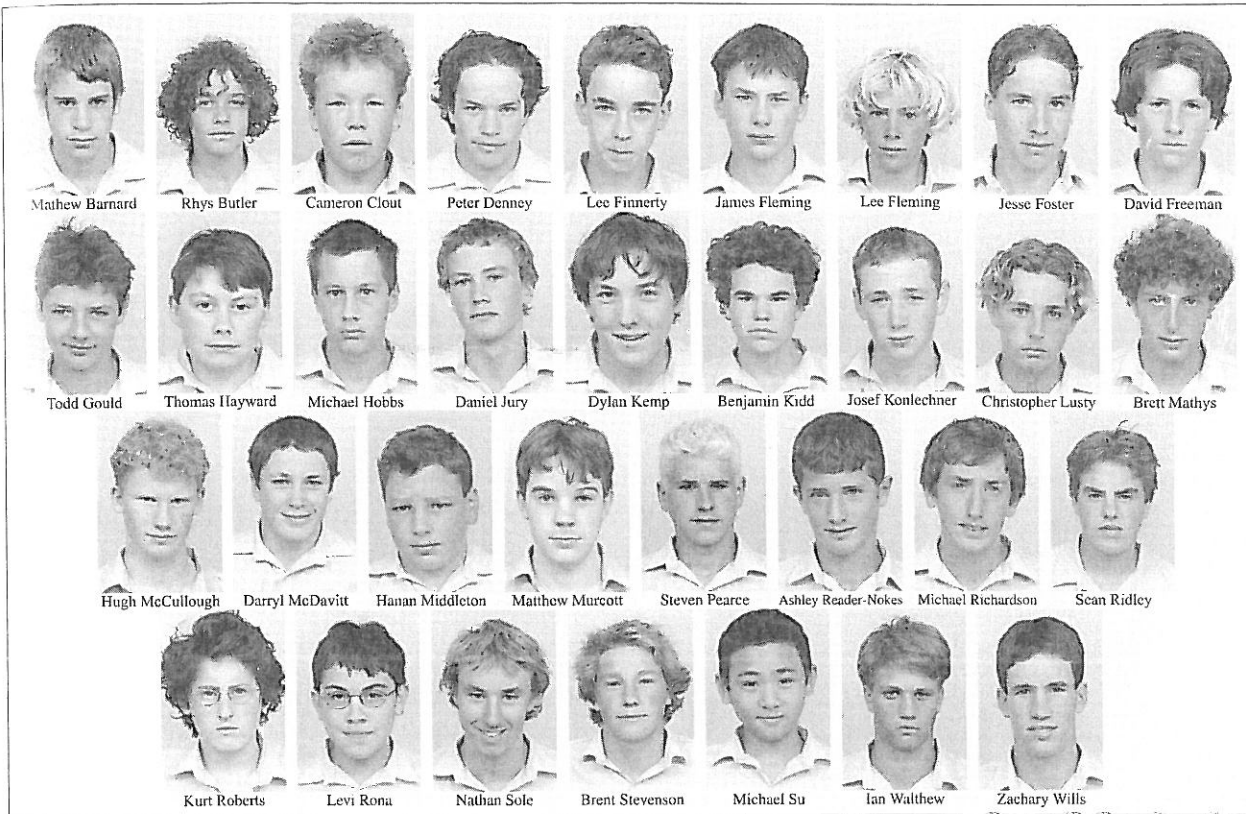

## 11 LORETO

## 11 SOLOMON

## YEAR 12 REPORT

It is the year 2004, the preferable mode of transport is the automobile, jet planes are used by the rich and famous and the moon landing is but a distant memory. Meanwhile at Francis Douglas Memorial College preparations for senior prizegiving are being made which is a signal to all Year 12's that the end of year exams are approaching and summer holidays are still a dream...Joy!!!

If anyone of the Year 12 contingent was to look back upon the past schooling year every single member of the team would agree that it has been a remarkable success. Whether it has been in the classroom, the sporting field or the community, every single person has made a huge contribution to the year 2004 and everybody tried their best to make it as memorable as could be.

In terms of academics in Year 12 every single student has had something to offer in every subject and everybody has achieved goals they set down at the start of the year. There have been as in all years, the stand out students who have studied hard all year round and achieved excellent results for their toils, but every student has achieved admirably all year round and should be very proud. Let us not forget though that now exams loom round the corner we are

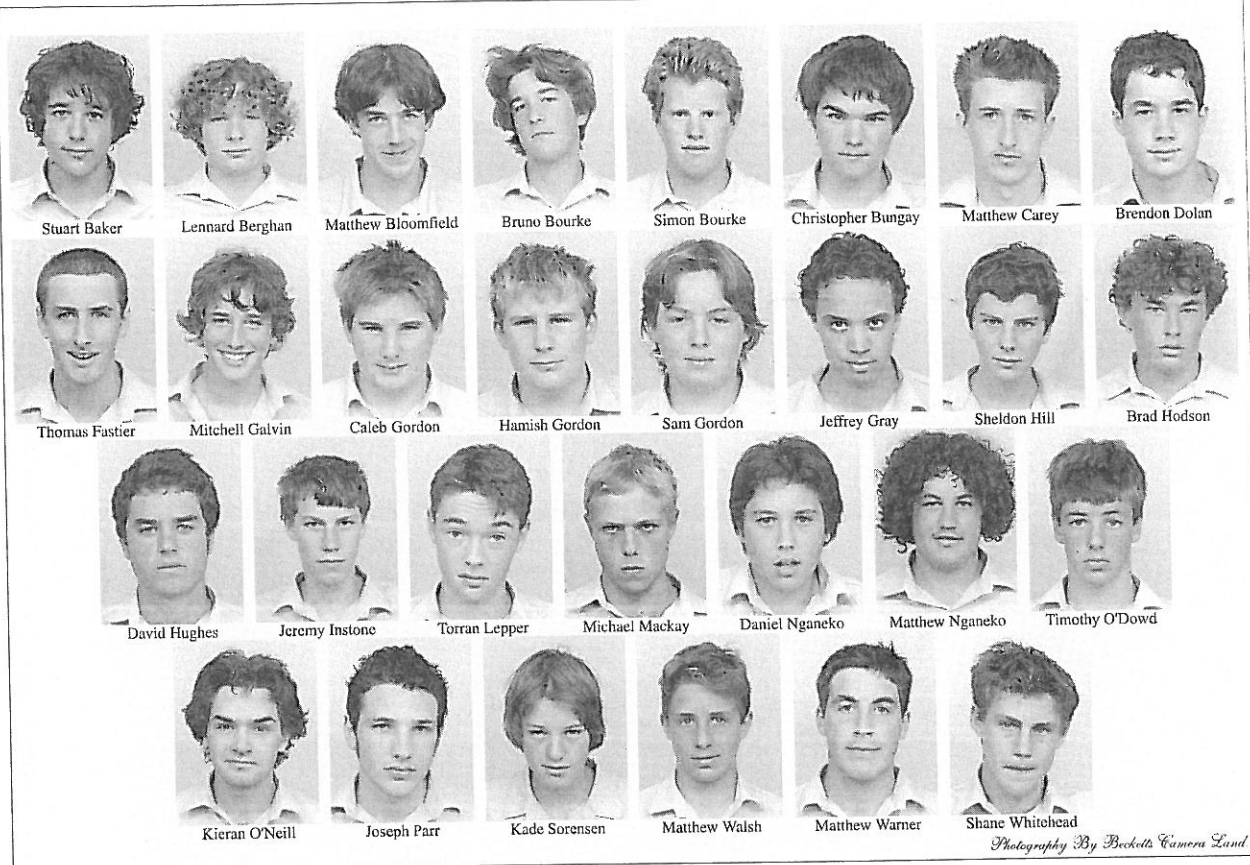

all studying hard as the end of year panic sets in.

On the cultural side of things there was solid Year 12 representation in O'Shea Shield, music competitions and debating. The class speeches proved to be one of the highlights of the year with some humorous and inspirational talks on various topics. There are some amazingly talented guys in this group and don't be surprised to see one or two names in the future.

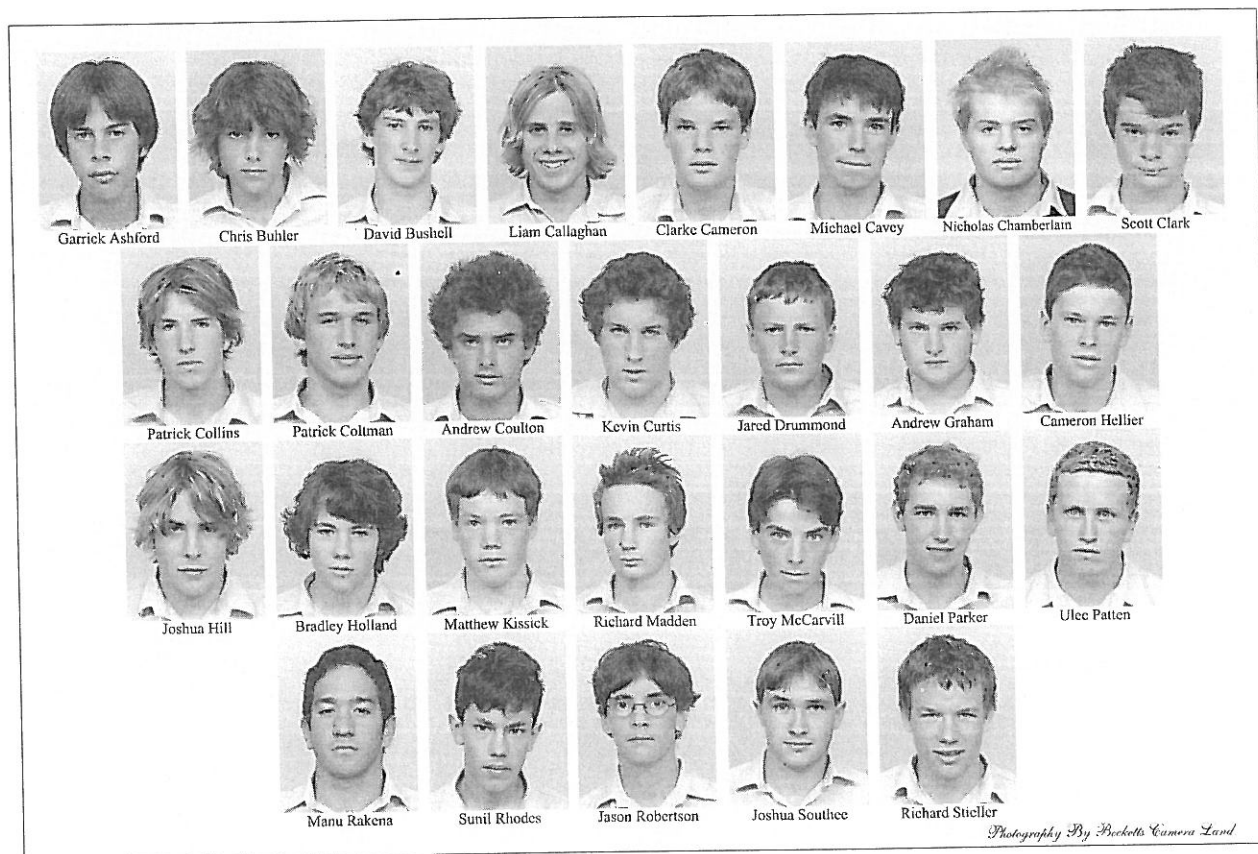

As usual the sporting ability of this year group has again lived up to it's potential in all spheres with there being a very solid representation in all sports which Francis Douglas has to offer. Individuals and teams have constantly shone in their chosen arenas throughout the year and will undoubtedly continue to do so in 2005.

As usual there have been the characters of the group, Beast, Mammoth, Moose and so on who have made this bunch of guys an amazing group to be a part of. A special thank you must go out to all the teachers, Brother Peter and a big thank you to our dean Mrs Marris who has guided us throughout the year. 2004 has been a great year boys...thanks for the memories and let's make 2005 even better!

## YEAR 13 REPORT

When we were conscripted to take on the challenge of co writing the Year 13 report, the hardest part was attempting to squeeze such hectic a year into a short description. The class of 2004 had it all; it was a diverse group of young gentlemen in every sense of the word. 2004 was a daunting proposition for all involved; it was the culmination of what seemed a lifetime at the mighty college. Under the inspirational leadership of head boy Grant McLean and his able sidekick, deputy head boy Riley McGregor, the 2004 Year 13 was to grab the College leadership by the scruff of the neck.

The year started with the customary swimming sports. This is always a popular event for all involved. It is a combination of colour, patriotic chants, and just a dab of athletic ability. The Year 13's, as always, got well behind the swimming sports creating a competitive atmosphere that all enjoyed. Although it pains me to say this, the Red mob, managed to grasp the title from the defiant Blue men.

Solomon House captains Jeremy Clark and Evan McGarvey did a sterling effort, rallying their troops not just for Swimming Sports but to take out the Grand Slam by winning Athletics Sports also. The joy was more than evident on one Dean's face.

Once again College rugby was strong, with the 1<sup>st</sup> XV a prime example, winning the Under 20 Taranaki Club Finals. Under the strong leadership of Scott Fuglistaller, the boys were unfortunately beaten by Boys High in the final game with Taranaki Secondary School domination on the line. However, overall it was a successful season.

One of the cultural highlights of the year was the 2004 College Ball. Given the theme of "The

Policeman's Ball" the Year 13 Social Committee did a superb job not only organizing a fantastic evening at the Tucson Lounge but also creating a masterpiece in the 2004 Ball Video. However due to the R16 content of the video the full version could not be shown at the Cultural Showcase, much to the disappointment of many.

The Class of 2004 had many stand out performers this year, the previously shy creatures that emerged from their shells to take their place in the limelight. A few such characters were Steve Xiao, Thomas "Spud" Walsh and Jacob Manning. These young men rose to new heights in the Year 13 universe both socially and academically and we felt they deserved a mention.

The class of 2004 can be labeled many things, but inactive is certainly not one of them. There was a huge senior contribution to the successful Stage Challenge campaign where we were awarded second place. Many deserving charities, including Canteen and Cure Kids, were supported successfully and House Competitions were bolstered in the ranks through the Year 13's contribution and competitive spirit. However a very busy year meant some sacrifices had to be made, and one of those was the maintenance and sanitation of the Common Room, on several occasions a 'Lock Out' occurred but in the true college spirit the boys will always soldier on.

As we go our separate ways, wherever life may take us, we will always remember the adventures, challenges, fun and successes of 2004. Good Luck for next year boys, always remember what it is to truly be College.
